# INDEX

**A**

Acreage-control programs. See Farm programs. 19

Agricultural ladder 19

Alaska—

North Central regional potassium studies with alfalfa 161

North Central regional potassium studies with corn 405

Alfalfa, potassium studies 161

“Analysis of Direct-Payment Methods for Hogs To Increase Hog Producers’ Incomes” by Geoffrey S. Shepherd, Donald D. Bobdy, James W. Gruebele and William D. Dobson 793

Andersen, Jay C. “Profit-Maximizing Plans for Soil-Conserving Farming in the Spring Valley Creek Watershed in Southwest Iowa” 941

“Appraisal of the Federal Feed-Grains Programs” by Geoffrey Shepherd 349

Arthur, I. W. “Occupational Plans of Iowa Farm Boys” 609

B

Barber, S. A.—

“North Central Regional Potassium Studies I. Field Studies With Alfalfa” 161

“North Central Regional Potassium Studies III. Field Studies With Corn” 405

Beef—

Characteristics of muscles 189

Inventory analysis of 837

See also Cattle and calves.

“Beef-Cattle Production Functions in Forage Utilization” by Earl O. Heady, Glenn F. Roehrkasse, Walter Woods and J. M. Scholl 881

Beer, C. E. “Response of Corn Yields in a Plasosol Soil to Surface Drainage, Cropping System and Variable Fertilizer Treatments” 325

Benke, Raymond. “Comparison of Resource Returns of Well-Organized Iowa Farms With Selected Nonfarm Opportunities” 73

Blase, Melvin G. “Soil Erosion Control in Western Iowa: Progress and Problems” 273

Bray, R. H.—

“North Central Regional Potassium Studies I. Field Studies With Alfalfa” 161

“North Central Regional Potassium Studies III. Field Studies With Corn” 405

Broilers, supply functions for 469

Broeken, Ray F. “Regional Changes in Grain Production (An Application of Spatial Linear Programming)” 981

Bryant, Russell. “Comparison of Resource Returns of Well-Organized Iowa Farms With Selected Nonfarm Opportunities” 73

Burchinal, Lee G.—

“Factors Related to Employment of Wives in a Rural Iowa County” 653

“Factors Related to Interreligious Marriages in Iowa, 1953-57” 669

“Maternal Employment, Family Relations and Selected Personality, School-Related and Social-Development Characteristics of Children” 237

“Migration and Adjustment of Farm and Nonfarm Families and Adolescents in Cedar Rapids, Iowa” 857

“Occupational Plans of Iowa Farm Boys” by Donald R. Kaldor, Eber Eldridge, Lee G. Burchinal and I. W. Arthur 609

“Poultry Supply Functions (The Relation of Technical Change to Output of Eggs, Broilers and Turkeys)” by Earl O. Heady and Yujiro Hayami 469

“Production, Income and Resource Changes From Farm Consolidation” by Randall A. Hoffmann and Earl O. Heady 377

“Regional Changes in Grain Production (An Application of Spatial Linear Programming)” by Alvin C. Egbert, Earl O. Heady and Ray F. Broeken 981

“Short-Run Corn Supply and Fertilizer Demand Functions Based on Production Functions Derived From Experimental Data; a Static Analysis” by Luther G. Tweeten and Earl O. Heady 573

“Survival Rates Among Religiously Homogamous and Interreligious Marriages” 741

Butter, inventory analysis of 842

C

Caldwell, A. C.—

“North Central Regional Potassium Studies I. Field Studies With Alfalfa” 161

“North Central Regional Potassium Studies III. Field Studies With Corn” 405

Canada—

Direct-payment program for hogs 798

North Central potassium studies with alfalfa 161

Careers. See Employment.

Cattle and calves—

Demand and prices 718

Effects of farm consolidation on production of 396

Least-cost rations for 896

Market choices for 104

Production functions in forage utilization 881

See also Beef.

Center for Agricultural and Economic Development—

“Analysis of Direct-Payment Methods for Hogs To Increase Hog Producers’ Incomes” by Geoffrey S. Shepherd, Donald D. Bobdy, James W. Gruebele and William D. Dobson 793

“Appraisal of the Federal Feed-Grains Programs” by Geoffrey Shepherd 349

“Comparison of Resource Returns of Well-Organized Iowa Farms With Selected Nonfarm Opportunities” by Don Kaldor, Raymond Beneke and Russell Bryant 73

“Factors Related to Employment of Wives in a Rural Iowa County” by Lee G. Burchinal 653

“Farm Size and Cost Relationships in Relation to Recent Machine Technology” by Earl O. Heady and Ronald D. Krenz 441

“Interregional Competition and Prospective Shifts in the Location of Livestock Slaughter” by Wilbur R. Maki, Charles Y. Liu and William C. Motes 697

“Migration and Adjustment of Farm and Nonfarm Families and Adolescents in Cedar Rapids, Iowa” by Lee G. Burchinal and Perry E. Jacobson 857

“Occupational Plans of Iowa Farm Boys” by Donald R. Kaldor, Eber Eldridge, Lee G. Burchinal and I. W. Arthur 609

“Survival Rates Among Religiously Homogamous and Interreligious Marriages in Iowa, 1953-57” 669

“Survival Rates Among Religiously Homogamous and Interreligious Marriages” 741

Cheese, inventory analysis of 842

Children—

Adjustments in moving 857
“Identification and Measurement of Inefficiencies in Leasing Systems (An Application of Linear Programming)” by Michele de Benedictis and John F. Timmons ....................... 37

Illinois—

Appraisal of the federal feed-grains program ............. 349
North Central regional potassium studies with alfalfa 161
North Central regional potassium studies with corn 405

Income—

Farm and nonfarm comparison ......................... 73, 458, 635
From farm consolidation .................................. 377
From soil-conserving farming ............................. 952
Of hog producers ........................................ 793

Indiana—

Appraisal of the federal feed-grains programs ............. 349
North Central regional potassium studies with alfalfa 161
North Central regional potassium studies with corn 405
Integration farming ....................................... 209

“Interregional Competition and Prospective Shifts in the Location of Livestock Slaughter” by Wilbur R. Maki, Charles Y. Liu and William C. Motes ......................... 697
Inventories, analyses of .................................. 829
