First Alumni Homecoming A Splendid Success!

Homecoming 1949

Over 450 veterinarians, their wives and friends attended the first annual alumni homecoming held on Oct. 15, during the Iowa State College Homecoming celebration. Representatives from 13 states, principally midwestern, were present.

At noon a baked ham lunch was served in the Veterinary Quadrangle for the alumni, faculty, students, their families and guests. The weather was excellent and a good homecoming spirit prevailed. All those attending the celebration seemed to enjoy themselves very much, meeting old friends, making new acquaintances and telling of their experiences since graduation. Room reservations were made for those guests who wanted to stay overnight in Ames.

A block of seats was reserved in the west stadium for the homecoming game with Kansas State. At half time the band gave a performance saluting each of the five major divisions at Iowa State College. In honor of the Veterinary Division the band formed a large horse in the middle of the field to the tune of "The Old Grey Mare." She became rather weak

Dr. J. R. Barry, '29; Dr. E. D. Smith, '29; and Dr. H. W. Bark, '29.

in the back but improved immediately after receiving an injection in the neck, administered by two members of the band carrying a large hypodermic needle. This drew quite a response from the crowd, especially the Veterinary Alumni section.

Since this was the first homecoming reunion for Veterinary Alumni, we would appreciate hearing from any of you who attended, expressing your opinions on how often the reunions should be held and any suggestions for improving the next one.

The committee deserves a vote of thanks for a job well done.

Dr. I. A. Merchant and Dr. H. W. Nyfire.

Clockwise: Mrs. G. R. Fowler, Mrs. I. E. Hayes, Dr. I. E. Hayes, '37, Dr. M. N. Wardall, '34, and Dr. G. R. Fowler.

Dr. W. B. Redman, '22; Dean H. D. Bergman, '10
