Ms. Knippel,

I have reached out to the Society president (Dr. Neeraj Buch) and there are no issues on our end with depositing these papers in your repository. Feel free to do so.

Best regards,

Leif Wathne P.E.
Chair - 11th International Conference on Concrete Pavements
International Society for Concrete Pavements

Dear Tim Smith:

I work for the Iowa State University Library and I have been working with Dr. Halil Ceylan to get his scholarship deposited in our institutional repository, Digital Repository @ Iowa State University. Dr. Ceylan is a contributing author to your conference proceedings and I am writing for permission to deposit copies of his article in our repository.

Dr. Ceylan has published 4 papers through your conference proceedings, including:

- Gopalakrishnan, K. (.) and **Ceylan, H.** (2012). “Rigid Pavement Backcalculation Using Differential Evolution,” 10th International Conference on Concrete Pavements (ICCP10), Quebec City, Quebec, Canada, July 8-12, 2012.

Digital Repository @ Iowa State University is a non-commercial institutional repository that provides access to the scholarship of Iowa State University’s faculty, students and staff. This scholarship is made available for personal, educational and research use. All articles deposited in the repository are described with complete bibliographic information for the original publication and includes an explicit statement identifying the date and owner of copyright.

Please let me know if we have permission to deposit this paper in our repository. I look forward to hearing from you.

Best,

Susan Knippel
