- 10.2. In the event of a material breach of the terms and conditions of this Agreement by either party, the non-breaching party will be entitled, in addition to any other remedies available pursuant to this Agreement or at law, to equitable, including injunctive, relief.
- 10.3. Notwithstanding any other term in this Agreement, neither Party's delay or failure to perform any provision of this Agreement due to circumstances beyond its control (including, without limitation, war; civil disorder; strike; flood; fire; storm; accident; terrorism; governmental restriction; infectious disease; epidemic; pandemic; public health emergency; embargo; power, telecommunications or Internet failures; damage to or destruction of any network facilities; the enactment of any law, executive order, or judicial decree; or any other circumstance beyond a Party's control whether similar or dissimilar to the foregoing) ("Force Majeure") will be deemed to be, or to give rise to, a breach of this Agreement. The Party claiming Force Majeure will provide written notice of the circumstances (where possible) and will be entitled to a reasonable extension of time for performing such obligations. Where Wiley is claiming Force Majeure, Wiley will be entitled to implement a reasonable alternative where practical under the circumstances and if its inability to perform continues for more than 30 days or it is inadvisable or commercially impractical to perform due to Force Majeure, Wiley may terminate the Agreement without penalty or charge, on written notice, and Wiley's performance will be fully excused.
- 10.3.a. In case of a termination as stated above, Wiley will refund the Customer for the applicable prepaid Open Access funds that have not yet been used, nor committed, for the publication of any article.
- 10.4. Any notice, request, statement or other communication to be given hereunder to any party must be in writing addressed to Wiley at the address on page one, attention Executive Vice President, and to the Customer's Agreement Administrator at the address on Schedule 1 or mailed or delivered to such other address as each party may designate by notice given in like manner, and any such notice, request, statement or other communication, will be deemed to have been given when received, except that if mailed by registered or certified mail, return receipt requested, or delivered by overnight courier service, it will be deemed to have been given when mailed as aforesaid or when delivered.
- 10.5. This Agreement constitutes the complete understanding of the parties and supersedes all prior understandings between the parties with respect to the subject matter of this Agreement. No modification, amendment, or waiver of any provisions will be valid unless in writing and executed by the parties. Any waiver in one or more instances by either of the parties of any breach by the other of any terms or provisions contained in this Agreement will not be considered a waiver of any succeeding or preceding breach. In the event that any paragraph of this Agreement is determined to be void or unenforceable, the remainder of the Agreement will survive.
- 10.6. In the event that this Agreement is executed in English and in a translated version, each party acknowledges that it has reviewed both language versions and that they are substantially the same

in all material respects. If there is any inconsistency between these two versions, the English language version will prevail.

11. **PUBLISHING PRIVILEGE**

- 11.1. Wiley hereby grants the Customer a discount of 5% on the APC for any Accepted Articles published by Corresponding Authors under the terms of this Agreement, subject to sufficient funds remaining available in the Customer's WOAA.
- 11.2. Wiley agrees to the open access publication in Hybrid and Gold Open Access Journals (<https://authorservices.wiley.com/author-resources/Journal-Authors/open-access/articlepublication-charges.html>) of Accepted Articles as requested by Corresponding Authors through the agreed workflow outlined below. The Customer agrees to pay the Advance Payment and any additional top-up payments. Corresponding Authors publishing under this Agreement and subject to the provisions of their author agreements grant Wiley the right to publish these articles under a Creative Commons license unless the Corresponding Author chooses to opt out of open access publishing.
- 11.3. This publishing privilege will commence for articles accepted from 1 January 2021 and end for articles accepted on 31 January 2021, subject to sufficient funds remaining available in the Customer's WOAA.
- 11.4. Wiley will provide workflows that offer open access publishing in Gold and Hybrid Open Journals at no additional cost to all eligible Corresponding Authors who provide to Wiley sufficient information for Wiley to establish the Corresponding Author's affiliation to the Customer in the manuscript submission system of the Journal, Publisher's Author Services system, or the Publisher's production system.
- 11.5. Under the standard hybrid publication workflow, if the Corresponding Author has identified their primary affiliation with the Customer, the Corresponding Author will choose whether to publish open access or subscription. The option to publish open access will be presented as default.
- 11.6. Wiley is authorized to collect payments under the Agreement both on its own behalf and on behalf of other Wiley group companies which own or publish the Hybrid and Gold Journals. In consideration of the Advance Payment (if applicable) and any other payments made by the Customer and subject to the terms and conditions of the Agreement. Wiley shall during the term of the Agreement:
 - 11.6.a. not charge Corresponding Authors APCs for any primary research or review article submitted by a Corresponding Author according to Wiley's WOAA workflow that is accepted for publication in a Hybrid or Gold Journal, provided that the Customer has sufficient funds in their WOAA to cover the APC;
 - 11.6.b. list the Customer on the Site as an Institutional Account Holder;
 - 11.6.c. provide a link from the entry for the Customer on the Institutional Account List on the Site to the Customer's Website.
- 11.7. Wiley shall be responsible for the identification of Corresponding Authors as part of the submission and publication process (for gold Open Access and hybrid journals respectively), and the Customer shall verify the eligibility of a Corresponding Author via the WOAA dashboard.

Corresponding Authors will be identified through at least one of the following parameters: their organization name; their e-mail domain; persistent identifier, such as Ringgold or other recognized institutional identifier. Wiley will notify the Customer via email and/or the WOAA dashboard (depending on how the Customer has configured the WOAA) each time an Author of an Accepted Article is identified as affiliated to the Customer and selects the option to publish his/her article as open access for both Hybrid and Gold Journals.

- 11.8. If Wiley fails to identify Corresponding Authors as eligible and then publishes their article on a subscription basis, Wiley shall be responsible to convert the article so that it is published open access. If Wiley fails to identify Corresponding Authors as eligible and then charges them for publication of their article, Wiley shall refund the author within 30 days.
- 11.9. If the Customer denies affiliation for a submission, the Corresponding Author will be offered the opportunity to pay the APC or to publish under subscription terms.
- 11.10. Wiley will report annually how many Wiley's journals have flipped during the year from/to a subscription model to/from an open access model, including hybrid model.
- 11.11. Editorial Independence. Nothing in this Agreement will oblige Wiley to publish any article submitted to Wiley by a Corresponding Author or the Customer. The Customer acknowledges that the selection of material to be published in the Hybrid or Gold Journals is entirely at the discretion of Wiley and/or the editors of the Hybrid or Gold Journals and the Customer waives any claim it may have against Wiley or its editors in the event that Wiley and/or its editors refuse or decline to publish any material (or part thereof) submitted by a Corresponding Author or the Customer. An article will be considered to be selected for publication once the Corresponding Author(s) has been notified that the article has been accepted and Wiley has received the applicable publishing agreement for the Hybrid or Gold Journal signed by the right holder(s) of the article.
- 11.12. Terms of Publication. Corresponding Authors publishing under this Agreement retain copyright and grant Wiley the right to publish these articles under a Creative Commons license. Eligible Authors will be able to select the Creative Commons Attribution license (CC-By), Creative Commons license Attribution Non-Commercial 4.0 International (CC-By-NC 4.0) or the Creative Commons license Attribution Non-Commercial Non-Derivative 4.0 International (CC-By-NC-ND 4.0) for the publishing of their articles if they wish.

SCHEDULE 4 - INTERNET ACCESS AND SERVICE RELIABILITY

At Wiley, our commitment is to provide the highest level of service and reliability to our customers on a 24 x 7 basis. To insure that we meet this commitment, we have developed a detailed program of planning and implementation to insure that, as our business continues to grow, our service capacity, quality and capabilities continue to grow so that we remain well ahead of the curve.

As part of this program, we continue to make multi-million-dollar investments in our Data Center – in hardware, networks, software solutions, personnel and operating practices. Tools are purchased from leading suppliers including hardware from Oracle and Hitachi, content software from Mark Logic and database software from Sybase and Oracle. Industry-standard Cisco network routers, Brocade load balancers and Checkpoint firewall software are also employed. We use standards-based development tools such as Java. Our state-of-the-art equipment and software tools continuously monitor usage, server performance, response times and capacity utilization. These tools allow us to detect potential problems before they occur, provide proactive maintenance, and produce data which enable us to plan appropriately for continued hosting upgrades and improvements.

Our highly qualified Hosting Services staff is fully dedicated to serving the needs of Wiley Online Library customers. They meet on a frequent, regular basis to review performance and plan for maintenance and upgrades. Our Planning and Implementation Program includes continual dialog with our Development Team, Business Operations and Product Development Group to assess current and future requirements and review action plans for continuing to meet our commitment to our customers.

The results of these efforts speak for themselves. Wiley Online Library customers enjoy among the highest levels of performance dependability in the industry. Wiley Online Library has averaged over 99% uptime since its commercial launch in 2010.

In addition, we have detailed backup and recovery procedures and failover systems in place to minimize service interruption in the occurrence of a catastrophic event. Other best practices approaches used to manage our Internet hosting environment include redundant disk storage area networks with real-time replication to a second location, further protected with daily incremental and full weekly backups of all journal content. Our backups are performed using a Virtual Tape Library disk to disk backups with both onsite and offsite copies via daily replication. On an on-going basis, we are committed to improving our service delivery and leveraging industry best practices in this area.

Our security procedures include industry-standard commercial firewall software and “demilitarized zone” protection levels and rules, further supported by 24 x 7 network monitoring and alerts. Virus scanning at each entry of Internet and internal e-mail access is also followed. Wiley Hosting Services also makes provision for objective, third party reviews and audits of security practices.

We feel confident that we are doing everything necessary to insure that we continue to provide the highest level of quality, professionalism and reliability our customers have come to associate with the Wiley name.

APPENDIX B (a) – LICENSED ELECTRONIC JOURNALS – CORE COLLECTIONS OF SUBSCRIBED TITLES

Customer: Iowa State University

The Core Collection is defined herein as the complete collection of Wiley journals to which the Customer subscribes and will pay full rate institutional online only subscription fees to obtain online access.

1. **Archival Access:** During the term of this Agreement, Wiley will provide the Customer with access to current content published during the Agreement term in the journals in the Core Collection and retrospective content, generally back to 1997, depending on the start date of online publishing by Wiley, as well as tables of content, abstracts, full text and illustrations and any additional electronic journal content not included in the print versions of the journals, but not materials included in Backfiles.
2. **Perpetual Access:** Upon termination of this Agreement, Wiley will provide the Customer with perpetual access to current content published during the Agreement term in the journals in the Core Collection and retrospective content, generally back to 1997, depending on the start date of online publishing by Wiley, as well as tables of content, abstracts, full text and illustrations and any additional electronic journal content not included in the print versions of the journals, but not materials included in Backfiles where Wiley has the rights to deliver this.
3. **Electronic Journal Subscription Maintenance and Swapping:** The Customer may swap subscribed online journals in the Core Collection without penalty provided that such changes do not exceed 5% of the value of the total Core Collection for any calendar year. These changes will be reflected in amendments to this Appendix. Swapping will be accepted at the title level or for duplicate subscriptions. Swapping will only be accepted on a calendar year basis and Wiley must be notified of any changes in writing no later than the preceding November 1st. If a swapped subscription is not the only subscription to that Electronic Journal in the Customer's holdings, the Customer will continue to have electronic access to that Journal. If a swapped subscription is the only subscription to that Electronic Journal in the Customer's holdings, then the Customer will lose access to the newly published content of that title permanently.
 - 3.1. Wiley may, from time to time, cease publication of individual journals in which case the journal(s) will be removed from the Customer's Core Collection, and the fees associated with the journal(s) will no longer be factored into the Core Collection Fee.
 - 3.2. Except as provided above, the Customer must maintain all online subscriptions in the Core Collection as set forth in the attached list as Appendix B(a)1.
4. **New Titles:** New Titles can be added under the following terms and conditions:
 - 4.1. The Customer may add new journals to its Core Collection at the full rate institutional online only subscription price.
 - 4.2. Subscriptions to titles transferred into Wiley from another publisher will be added to the Customer's Core Collection in the first year of transfer if the Customer has one or more subscriptions for the calendar (or subscription) year in which the title is transferred. Individually negotiated fees for access to transferred titles will also be maintained by Wiley, subject to the other terms of this Agreement. Subscriptions to titles transferred out of Wiley will be deleted from the Customer's Core Collection in the year of transfer.
 - 4.3. The Customer may add previously canceled titles at the current full rate institutional online only subscription price to its Core Collection.
 - 4.4. Wiley reserves the right to exclude titles from inclusion in the Standard or Custom Collections, however these titles may be added to the Customer's Core Collection.
5. **Print Subscription Pricing:** The Customer can purchase print subscriptions to Licensed Electronic Journals which the Customer subscribes to via a Core Collection at a deeply discounted rate. This does not apply to:

- 5.1. Titles new to Wiley Online Library (or other platforms designated by Wiley) unless subscribed to in the Customer's Core Collection.
- 5.2. Titles not subscribed to by the Customer, unless added to the Customer's Core Collection.
- 5.3. Titles not available via Wiley Online Library.
- 5.4. Titles published in online-only format by Wiley. Print subscriptions available through any Print on Demand option are not eligible for a deeply discounted rate.
- 5.5. Print subscriptions should be ordered directly via the Wiley Customer Services department, or through an agent.
