## Homewood Golf Course Clubhouse Design

City of Ames Parks & Recreation Department, Ames, Iowa

### Problem Statement

- Inefficient patron flow
- Inefficient employee flow
- Inefficient product flow
- Physiological and physical barriers

### Objectives

- Create multiple efficient facility layout plans
- Decrease both physical and physiological barriers

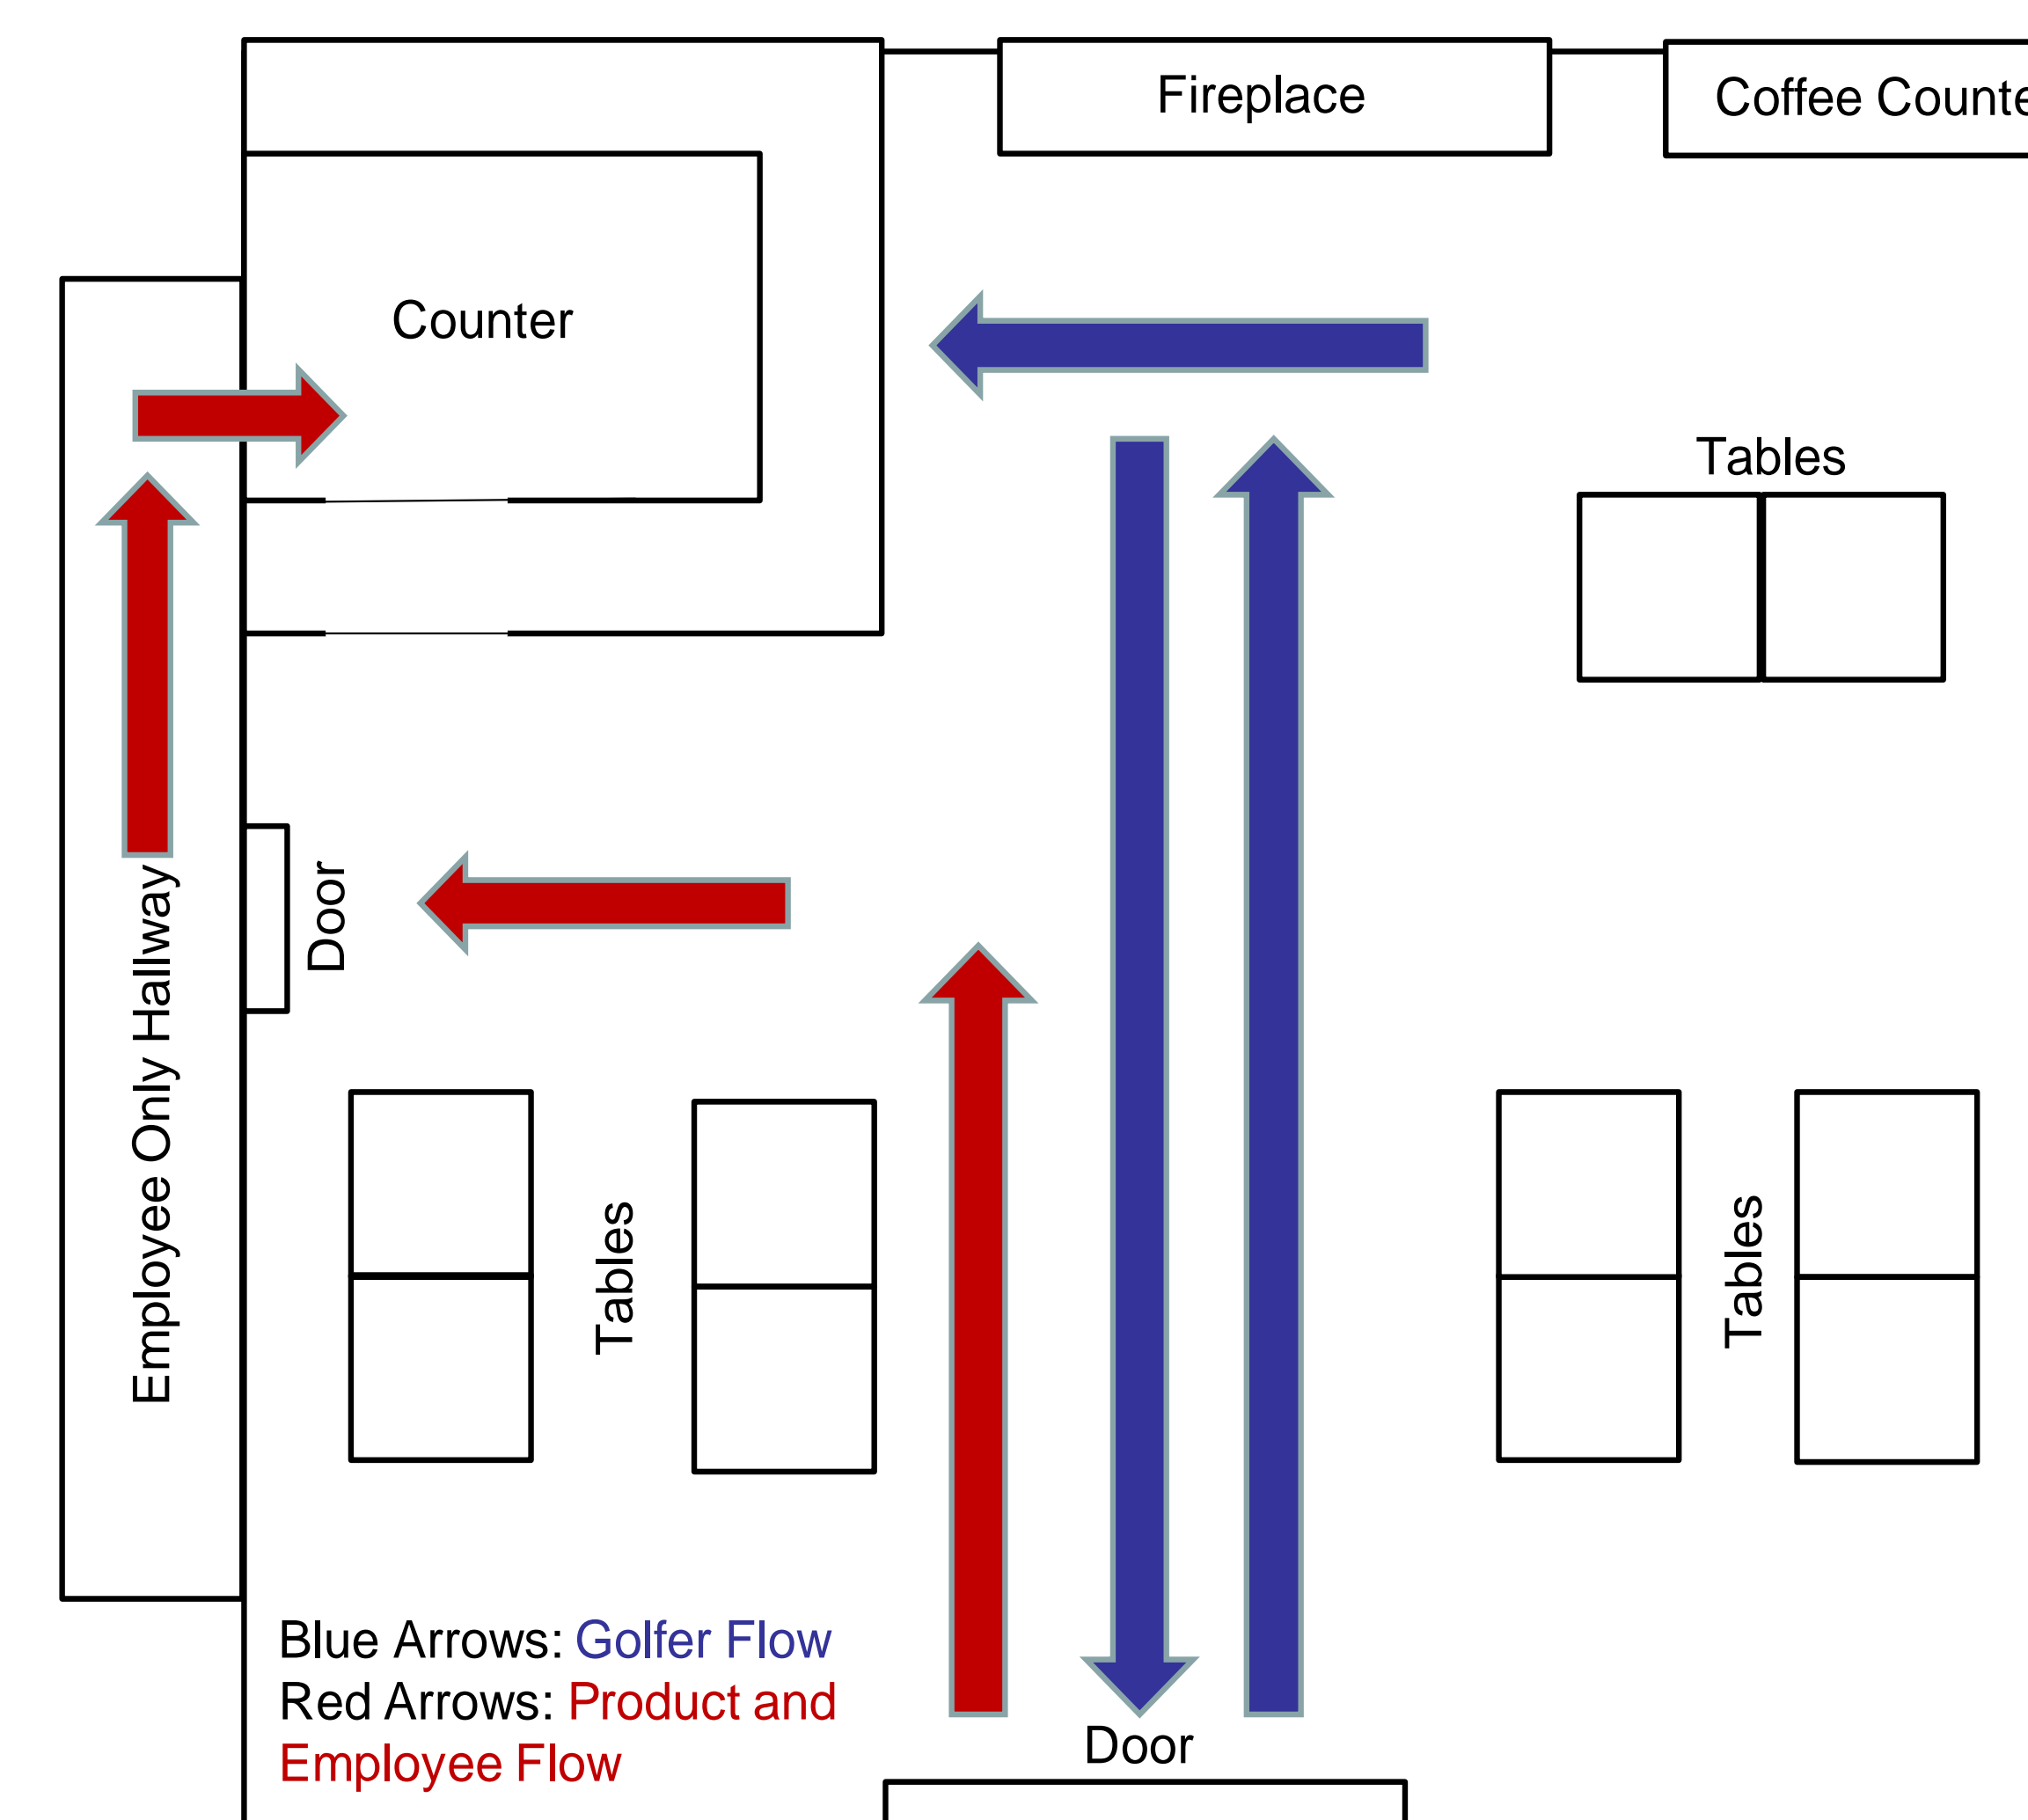

### Methods

- Coursework Applied
  - TSM 444 (Facility Planning)
  - TSM 440 (Lean Manufacturing)
  - TSM 216 (Advanced CAD Topics)
  - ABE 273 (2-D AutoCAD Application)

Current Facility Photo

Current Facility Layout

### Proposed Solutions

- Provide quantifiable layout options for staff/patron interaction
- Include an open community area with private rental capability

### Major Outcomes

- Maximize service efficiencies
- Minimize staff travel distance
- Maximize patron access to staff, restrooms, and services

### Benefit to Client

- Maximize staff and patron interaction
- Maximize product flow
- Reduce check-in time
- Provide useful facility for all seasons

### Additional Facility Improvements

- Indoor restrooms
- Community room
- Office area
- Storage area
- Larger facility
