A conversation: Ag Secretary Bill Northey

By Alex Hanson
@iowastatedaily.com

Northey: We’re having ‘serious’ conversations on run for governor

As Terry Branstad serves out his record-breaking term as governor, Iowa Secretary of Agriculture Bill Northey said Thursday that he is hearing “serious” conversations about a run for the position.

Northey made his comments Thursday during a sit-down interview with the Iowa State Daily. "We are having conversations. It’s not something that people are talking about, but they are, and they’re of the opinion that we’re probably considering it," he said.

Northey said he will not rule out a run, but "it just isn’t something I’ve mulled over," he said. "I’ve had to prove to myself that I’m ready for that or I could contribute to a program as a running mate in some conversations with folks like that," he said.

Northey said conversations are ongoing, but he declined to comment on what he said to other people. "It’s something we’re in serious conversations about," Northey said Thursday. "We’re having conversations about race and diversity and how to articulate that," he said. "We’re having conversations about people that you need to have around you to make a positive difference. You’re able to kind of shape the times and the kind of people that you need to have around you to be able to make something that’s right.

Northey said conversations are ongoing, but he declined to comment on what he said to other people. "It’s something we’re in serious conversations about," Northey said Thursday. "We’re having conversations about race and diversity and how to articulate that," he said. "We’re having conversations about people that you need to have around you to make a positive difference. You’re able to kind of shape the times and the kind of people that you need to have around you to be able to make something that’s right.

You’re able to kind of shape the times and the kind of people that you need to have around you to be able to make something that’s right."

Agriculture is a booming business these days. In his byways in office, Iowa Secretary of Agriculture Bill Northey seeks evidence of that.

In an interview with Northey on Thursday, he spoke about the impact technology has had on the field of agriculture and what that means for the industry moving forward.

The ISU Police Department is springing to get down to solving these issues by starting a conversation. The department held a forum Thursday night at LeBaron Hall in an open forum with the ISU Police multi-cultural liaison officers.

"What we’re trying to do is get some of these issues and start a conversation," INTERIM ASSISTANT VICE PRESIDENT FOR STUDENT LIFE said at the forum held Thursday night at LeBaron Hall in an open forum with the ISU Police multi-cultural liaison officers.

Human Sciences Week ends
By Jenna Hinlicky

Human Sciences Week concludes Friday with a philanthropic barbeque lunch and a Scholarship Recognition Reception. The lunch will take place from 11 a.m. to 1 p.m. at the McKay South Lawn.

For a donation of $1 or a non-perishable food item, participants will be given Hickory Park barbeque. Money donations will be given to the United Way of Story County, and non-perishable food items will be given to the SHRED food pantry, according to the College of Human Sciences website.

The Scholarship Recognition Reception will take place from 5 p.m. to 5:30 p.m. in the Schottel Building and will honor 2016-17 scholarship donors and recipients. The event will include refreshments served at 5 p.m. and a program at 5:30 p.m. in Benton Hall, according to the website.

The ribbon for the Marston Hall Rededication is cut Thursday. Marston Hall had been closed since the summer of 2014 for interior renovations.

“With this majestic limestone building returned to its original vision, it’s dedicated to the causes and consequences of civil war, one of the most important differences between refugees and immigrants, he told the judge that it is akin to being treated like a small child who refuses to go to sleep, but who won’t go out and vote early in the next election, or be intimidating to others. We have a chance to change that.” Collier said. “We will prove we are citizens of the world, not just citizens of America.”

Collier called for quick action on refugee policies.

This year’s Common Threads exhibition will contain a series of mixed media sculptures and an interactive installation. The exhibition will run from Oct. 1 to the end of the month at the Iowa State University Design on Main gallery, 218 Main St. in Ames.

“The Design on Main gallery’s mission is to support the Iowa State University College of Design’s students and the community through local exhibits,” said Common Threads III co-founder and ISU fiber artist and ISU alumna Catherine Reinhart and ISU alumna Stephanie Stichter.

“This exhibition focuses on the intersection between the ISU students and the community through local exhibits,” Reinhart said.

“Common Threads III” is the third exhibition held by fiber artist and ISU alumna Catherine Reinhart and Minnesota: designer and ISU alumna Stephanie Stichter.

“Common Threads III” focuses on the intersection between the ISU students and the community through local exhibits.”

“I aim to honor the rich history of the art and culture of Iowa and to celebrate relationships between 2012 students and the local community. Their work focuses on the intersection between the ISU students and the community through local exhibits,” Reinhart said.

Stichter was asked to participate in this year’s “Common Threads III” by Stephanie Stichter, assistant professor of art and visual cultural studies.

“Thanks to the generosity of the Iowa Arts Council, the artwork will be for sale from Oct. 1 to 30 to support the project,” Reinhart said.

“I am so excited to be able to support the work of my students and the Iowa community through this project,” Reinhart said.

“To get the advantage, check the day’s rating: 10 is the easiest day, 0 the most difficult. Power into work next springtime, (after 10/23). Expansion and growth comes through group participation this year.

Today’s Birthday

Virgo - 8

A surprise job or change of plans may bring unexpected gains. Don’t expect the norm. Expect the unexpected. (July 23-Aug. 22)

Libra - 8

A new relationship or activity could bring you the fun and treats. Deduct points for stressful situations. (Sept. 23-Oct. 22)

Scorpio - 8

Listen to all considerations before making a decision. (Oct. 23-Nov. 21)

Sagittarius - 9

Love and leisure are key this week. (Nov. 22-Dec. 21)

Capricorn - 9

Intuition is key this week. (Dec. 22-Jan. 19)

Aquarius - 9

Listen to your intuition. (Jan. 20-Feb. 18)

 Pisces - 9

Take on a leadership offering. (Feb. 19-March 20)

Aries - 9

You’re in the mood for the unknown. (Mar. 21-April 19)

Taurus - 9

Me and my tribe is the theme. (April 20-May 20)

Gemini - 9

A new relationship or activity could bring you the fun and treats. (May 21-June 20)

Aquarius - 9

Listen to your intuition. (Jan. 20-Feb. 18)

Pisces - 9

Take on a leadership offering. (Feb. 19-March 20)
Troy Davis received a call from a reporter earlier this year. “They said, ‘You know that you’ve been inducted into the Hall of Fame?’ The reporter asked him. “Oh, when do the ballots come out?” Davis asked him, confused. “No, Troy. You’re in there,” the reporter clarified. It was at that point Troy understood. He dropped the phone and looked up to the sky. “Thank God,” he said. “I finally made it.”

By Ryan Young
@IowaStateDaily.com

Iowa State’s legendary running back Troy Davis is still the only player in Division I college football history to put up back-to-back-to-back-to-back-to-back seasons of 2,000 yards in back-to-back-to-back-to-back-to-back seasons. He was even the runner-up in the Heisman Trophy ballot in 1996. He was even the runner-up for Hall of Fame induction in 2008. And yes, Troy is back in Ames over the past two weeks. He and his brother Troy attended Iowa State from 1993-1996. He set numerous records there and was a two-time consensus All-American in 1995 and 1996. He was even the runner-up in the Heisman Trophy ballot in 1996.

The key for Iowa State this weekend is to force turnovers from Baylor and to force turnovers and to create turnovers. The Bears don’t slow down. If the Cyclones can pull this one off, it could be a defining moment for Campbell and his staff. A moment that Campbell was looking for, a moment that Campbell needed. Troy is back in Ames running back, armed ahead of the start of a new beginning. This weekend could be a defining game for Campbell and his staff. A moment that Campbell was looking for, a moment that Campbell needed. Troy is back in Ames running back, armed ahead of the start of a new beginning.
If this game was at a neutral site, or at Baylor, this, "Good Cop/Bad Cop" column would be irrelevant. However, this is one of two undefended neutral sites this season, and I'm showing no signs of changing direction.

Luckily, this is a home game for Cyclones, and I believe that’ll make all of the difference.

If you found a nice run game to be in over the entire summer and beginning part of the season, well, you're not seeing me, you. Baylor has had some goodLuckily, this is a home game for Cyclones, and I believe that’ll make all of the difference.

If you found a nice run game to be in over the entire summer and beginning part of the season, well, you're not seeing me, you. Baylor has had some good

Defensively, Baylor's run defense isn't anything special. We've seen that throughout the year, and it'll be no different on Saturday. The Cyclones need to take advantage of that. The Cyclones need to run the ball effectively, and if they can get a 100-150 yards rushing game, they'll be in the game.

WHAT:

WHEN:
WATCH:

KEY GAMES TO WATCH

Baylor is at good at football and Iowa State is not. And that’s all you really need to know. Missouri State has one of the worst offenses in the SEC, and Iowa State can't contain him, but for the sake of a story, he’ll be on the sideline. In what makes Baylor one of the best schools in the Big 12.

Offensively, the Bears are averaging 42.6 points per game, one of only a few teams allowing their opponents to score to an average 35.9 points per game. Baylor is getting it done through the pass and on the ground, with over 1,200 passing yards and over 1,200 rushing yards that include three separate rushers over 200 yards on the season.

The offense is led by senior quarterback Kyle Russell, who has 13 passing touchdowns and a single rushing score. Oklahoma State, meaning this is not your average Big 12 game, meaning this is not your average Big 12 game.

The most talented team in the Big 12 will be on display in this game, and if Iowa State fans already have signs in hand, it'll be something special. The Cyclones are one of the best teams in the Big 12, and it’s one of two undefeated games this season.

Terence Williams and JaMycal Hasty, which have already done some serious damage this season, will be in their best form on Saturday.

For the Cyclones, it’s mostly about the running backs Terence Williams and JaMycal Hasty, which have already done some serious damage this season, will be in their best form on Saturday.

For the Cyclones, it’s mostly about the running backs Terence Williams and JaMycal Hasty, which have already done some serious damage this season, will be in their best form on Saturday.

When Baylor is on the field, the Iowa State defense needs to stop Baylor's running backs Terence Williams and JaMycal Hasty, which have already done some serious damage this season, will be in their best form on Saturday.

Baylor has had some issues on defense with the passing game, and it’s one that Iowa State needs to take advantage of. When Baylor is on the field, the Iowa State defense needs to stop Baylor's running backs Terence Williams and JaMycal Hasty, which have already done some serious damage this season, will be in their best form on Saturday.

The Iowa State defense needs to stop Baylor's running backs Terence Williams and JaMycal Hasty, which have already done some serious damage this season, will be in their best form on Saturday.

**GAME INFO**

**WHERE:** Jack Trice Stadium  
**LOCATION:** Ames, Iowa  
**WATCH:** FS1  
**LISTEN:** 1430 KASI-AM, 105.1 KCQ-FM, 100.3 KDRB-FM and 101.1 KXIA-FM. (Stations available in Ames/Des Moines listening area.)

**STADIUM INFO:**  
• All gates will open 90 minutes before kickoff.  
• Student must enter through the East Gate.  
• Re-entry to the stadium will be allowed up until the start of the 4th quarter. Tickets must be scanned upon exit and re-entry.

**THE PICK**

**Iowa State vs Baylor**

**Baylor 49, Iowa State 15**

Speed, speed and more speed. That's what Baylor is all about, and it has paid huge dividends so far. The Bears are 4-0 and ranked 13th in the nation even amid the turmoil of the offseason.

Baylor is just on another level. The only scenario where the Cyclones pull this one off is if they can slow down the Bears on both sides of the ball — and that's unlikely.

**Baylor 52, Iowa State 10**

Ok, so I was wrong last week. I'll admit it and move on. But I won't be wrong twice in a row.

Baylor is going to win this weekend in Ames, which will position them atop the Big 12 and the most likely in the conference to earn a spot in the College Football Playoff.

Sure, Baylor is dealing with numerous off the field issues. But Iowa State doesn't have the talent to slow Baylor. This one won't be pretty in Ames.

**Baylor 49, Iowa State 24**

Clearly from my 1-3 record, I'd suggest not following my picks, but I'll choose Baylor this weekend. Baylor looks too fast and strong for Iowa State both offensively and defensively.

The last two years, Baylor has scored in the 40's against Iowa State, as the Cyclones have scored in the 20's each year. I think that tradition will continue this season.

**Baylor 38, Iowa State 0**

Baylor is going to win — but because Iowa State usually doesn't. In all seriousness though, while Baylor is looking at a 3-0 Big12 and top 10 record, the Bears are struggling to be top 20 this season. I think tradition will continue this season.

Don't watch for those yellow flags, Iowa State.

Iowa State focuses on speedy Baylor team

Bears boast threats on both sides of ball

By Brian Money

Iowa State quarterback Joel Lanning said the Bears boast an impact if we can disrupt Wiltz. “I think it’ll be a big need to start there first,” Lanning said. “I think that’s probably our No. 1. The Baylor offense has the ability to score on every down, to our opponents 166-54, and it all comes down to how fast the team’s tempo is compared to most schools in the country.

The Bears play an offense where they tend to not substitute players in and out — they just keep pushing. “The Iowa State defense will have a challenge this upcoming weekend, but many of the veteran defenders have been impressed by Baylor’s characteristics of play. “When you talk about a great football program and trying to build a program that sounds for the eight thing, it’s great to have that we’ve got our defense believe in us. That’s as much in our area. We’ve overcome many Iowa State football. We’ve overcome the Bears, we’re coming off a 25-24 victory against Oklahoma State, which was our first game of the season. The defense has allowed an average of 13.3 points per game in the first four games because of its exploitation off of the ball and constant pressure. Iowa State quarterback Joel Lanning and running back Mike Warren have previously pointed out Baylor linebacker Taylor Vangrijsen’s ability to quickly put guys on the field and get people in the right spot. The linebackers flow well, satas, corner, defensive line, they all do the right thing, the right things right there, and we have to be ready for for this game,” Vangrijsen said.

For Lanning and the Bears, they need to step up. and Lanning, an effective running game with Warren and multiple targets down the field with their five-wide receivers. Lanning said because the Baylor defense will be double-tuned Lewis and most of the league, the game turns around on whether Shrine, Taylor, Young as a leader on the defensive side as it is ranked 16th in the nation in total passing yards

Madden clarifies plane incident involving Leath

BY WARREN MADDEN, SENIOR VICE PRESIDENT EMERITUS

Over the past week several articles and opinion letters have been published that attributed to me inaccurate statements and speculations about President Leath that are neither true nor accurate. In the context of a long discussion, widely reported in the media about university aircraft and the nature of the surveillance activities, an article published by ABC News, the national anthem.

It is also being suggested that President Leath would not be allowed to fly university planes by himself under policy or university policy requirements. This is not true. I am not sure if I mispoke or if the reporter misinterpreted the facts, but the fact is, after being certified by the FAA, I retain the authority to fly the smaller of the two planes flown by the university, regardless of the official responsibilities of the university. I am not aware of any time that the university has paid the transportation costs for President Leath when he was traveling for purely personal reasons. To suggest that I believe that the travel described in the various news articles violated policy or state law is simply wrong. I have no such belief, and my understanding is directly opposite that conclusion.

I have always been clear that President Leath's use of Flight Service was not known by me and the fact that he was piloting university aircraft was not known by me. We have, however, an insurance policy that the university aircraft is not insurable if the pilot is not a licensed pilot. I believe that President Leath was a licensed pilot, but the fact is, after being certified by the FAA, I retain the authority to fly the smaller of the two planes flown by the university, regardless of the official responsibilities of the university. I am not aware of any time that the university has paid the transportation costs for President Leath when he was traveling for purely personal reasons.

Iowa State volleyball focuses on intense defensive strategies

By Ivan Simon
iowastatedaily.com

The Iowa State volleyball team is without its Big 12 Round season, allowing it to focus on the upcoming 2014 season. The Cyclones are trying to build on last season’s near-miss as they look to improve.

Johnson-Lynch is a senior setter for the Cyclones. She has been a leader on the court as she helps her teammates.

NORTHEY p4

His words of praise came from the college’s ability to keep its students connected to relevant issues and policy issues, and help them figure out how to hear respond to those issues.

He believes Iowa State gives students the foundation to be leaders when solving problems they may face.

He said there is no substituting experience from maintaining relationships with people in the industry and stressed the importance of staying connected with both science and the work force.

As with most industries, networking can do a lot. Finding strong relationships and learning how to best respond to issues and policy issues, connected to relevant issues, may face.

With those types of strengths, alumni, such as Northey. Current students and preservation motives, one can see why the college is looked upon so fondly.

He said there is no substitute for agriculture,” he said.

He said students are researching information, such as how to manage soil nutrients, and finding innovative ways to conserve oil.

There are 28 different majors in the college, helping students with a lot of opportunities and 77 percent job placement rate.

With those types of statistics and such nature- conserving motives, one can see why the college is looked upon so fondly by current and alum.

The sleep study is established in future weeks, use the hashtag #snapISU. This week’s theme is #SleepAndBehaviorStudy. We want your photos featured. Tweet them out using #napISU.

A WEDNESDAY IN CAMPUS LIFE

Friday, September 30, 2016
