Dear Hope,

Thank you for your response.

The reuse rights in the authors contributor agreement state that ‘there is a 2 year embargo in place post publication on uploading book content’. Therefore you are welcome to deposit the following chapter in to the digital repository at Iowa State University. Please ensure full reference to the original publication is given when uploading the chapter.

How on this occasion, the below list chapter is currently not permitted to be deposited in to the university repository. It does mean following the 2 year embargo the author can deposit the chapter without permission providing full reference to the original publication is given.

SAGE are currently in the process of reviewing the global policy on depositing books chapter. We are still in the process of reaching a global decision and it would be my recommendation to contact the permissions department nearer the time of the 2 year embargo.

Best Wishes,

Dear Hope Mitchell,

Thank you for your request.

Please can you confirm whether the Digital Repository at Iowa State University is open access and therefore freely accessible to individuals outside of the university?

Best Wishes,

Subject: Permissions Request

Hi Michelle,

I am currently working with Dr. Carol Chapelle to get her scholarship deposited in our institutional repository, Digital Repository @ Iowa State University. Dr. Chapelle is the author of the following works and I am writing for permission to deposit portions of her work in our repository.

Digital Repository @ Iowa State University is a non-commercial institutional repository that provides access to the scholarship of Iowa State University’s faculty, students and staff. This scholarship is made available for personal, educational and research use. All articles deposited in the repository are described with complete bibliographic information for the original publication and includes an explicit statement identifying the date and owner of copyright.
Please let me know if we have permission to deposit these articles in our repository. I look forward to hearing from you.

Best,
