We wish to thank the many Alumni who have given us such fine cooperation in making this publication possible.

You have been considerate in giving us your support. We hope this annual meets with your approval.
Who's Who, and Why

I. T. BODE—1915

After graduating Phi Kappa Phi, Alpha Zeta, and Gamma Sigma Delta from Iowa State College, Mr. Bode received an appointment to the Indian Service and was assigned to duty in the Olympic peninsula in the State of Washington. His next job was being in charge of the experimental forest nursery at Hays, Kansas. After being honorably discharged from the Army at the completion of the World War, he received appointment as Instructor in the Forestry Department at Iowa State. In 1921, he received his Master's Degree and with the establishment of Forestry Extension work became the first Extension Forester for Iowa. It was in this position that Mr. Bode organized a program of Forestry and Conservation which he directed for the next eleven and one half years. He organized the Iowa County-Wide Shelterbelt and Woodlot Demonstration program, taught general forestry, conservation and wildlife appreciation in 4-H clubs, and was one of the organizers and cooperators in the Extension Service “Save Iowa Soils” campaign.

When the administration of the fish and game work of Iowa was put under a commission, Mr. Bode was selected as its first chief executive officer, and during this time he served on the Executive Board of the International Association of Game, Fish, and Conservation Commissioners and as secretary for the Midwest Association of Fish and Game Commissioners.

In 1935, the Bureau of Biological Survey set up its program of cooperative research and education with a number of land grand colleges and Bode was selected to take charge of the organization of this program under the Division of Wildlife Research.

Then in 1936, he was promoted to start organization of the field of Wildlife Conservation and Restoration and became the first Extension Specialist in this field to that position with the U. S. Department of Agriculture. It was from this position as U. S. Extension Biologist that he was selected in 1937 to serve as director for the newly organized Missouri Conservation Commission.

Mr. Bode’s chief concern is to try and develop the most constructive program possible in conservation work in Missouri.
RALPH W., HAYES—1914

Upon graduation from Iowa State, Mr. Hayes accepted a position with a private lumber company and worked there for some time before receiving an appointment as Forest Assistant with the Indian Forest Service. After spending nearly three years in charge of timber sales work on the Bad River Reservation in Wisconsin, he spent a year in private work in Oregon and then returned to the Department of the Interior to be in charge of Timber sales in Arizona. During a temporary shut-down, Mr. Hayes put in six months in private work in Canada and in 1923, was given charge of the field work of the entire Forest Service in five southwestern states, with headquarters at Albuquerque, New Mexico.

In 1924, he began teaching at Colorado State Agricultural College. From here, he went to Louisiana for three years, spent four and one half years at North Carolina State College, and returned to L. S. U. in 1934 as head of the Forestry Department—which position he still holds.

Mr. Hayes' summers, while he was teaching, were spent doing various jobs, particularly along the line of forest economics at the Southern Forest Experiment Station until 1930. He organized and started C.C.C. forestry work at Yorktown, Virginia, in 1933, did some consulting work for the Newport Ship Building and Dry Dock Company at Newport News, Virginia, and in 1936 and 1938, made extensive timber cruises in the South.

"Anyone who has the responsibility of a Forestry Department or Forest School has a great many thing to do. Aside from routine work, my chief efforts are directed toward the improvement and constant development of the forestry work at L. S. U. We are striving to build up at this institution an outstanding Southern Forest School. We have the cooperation of the administrative staff of the University and we feel that we have made definite strides in the past five years. We are looking forward with a great deal of optimism to the next few years."

Nineteen Forty
DALE W. LISCHER, '39

Fatally Injured May 23, 1940
at Longview, Washington

MEMORIAM

Edward A. Sherman, '96
Wyman Wilson, '41

Ames Forester
Another of the forestry pioneers has disappeared down his long last forest trail. Edward Augustine Sherman passed away quietly in sleep on the night of March 27 at his home in Washington, D. C. "E. A.,” as he was known to most of us in the Forest Service, was born on March 5, 1871, in Humboldt County, Iowa, receiving an A.B. degree in 1896, (before Iowa had a forestry department), and later the degrees of M.S. in forestry and Sc.D. from Ames. On graduation he did newspaper work in Iowa and Montana, beginning government forest work in 1903, as a forest supervisor in Montana. For some ten years thereafter he was in charge of the Bitterroot, Hellgate, Lolo, Bighorn, Missoula, and Sequoia Forests. Then he was forest inspector of the Northern Rocky Mountain Region, Regional Forester at Ogden, and was transferred to Washington in 1915. Here he took charge of the Division of Lands, later as Assistant Forester of that Division, and still later as Associate Forester. At the time of his death he was Assistant Chief and Advisor in the Washington office.

Unusually familiar with the land laws and land problems of the Service, he became an expert and wise counsellor in these subjects. He was the Service’s expert on land exchange and land acquisition. He had visited practically every National Forest in the United States, as well as in Alaska and Puerto Rico. While his interests and duties covered many wide and important fields, his contribution to the classification of National Forest lands and establishment of forest boundar-
ies was especially outstanding. Development of the Weeks Law land purchase program and land exchange procedures were largely Sherman’s work. “E. A.” was one of the most widely known and highly respected officers of the Service and the profession.

He served in the Spanish War in the 52nd Iowa Volunteer Infantry, was admitted to the Utah Bar in 1915, was a Fellow and President of the Society of American Foresters, and a member of Phi Kappa Phi and Gamma Sigma Delta.

Sherman wrote well on forestry subjects but too infrequently. He was the author of a number of articles and publications, such as the pamphlet “Forestry as a Profession,” and a special report on “Protection Forests of the Mississippi River Watershed and Their Part in Flood Control.”

It was my privilege to have known E. A. Sherman intimately, both officially and personally, since 1912. I counted on his friendship, I relied on his wise counsel and sound judgment, I admired his humanity and loyalty to the Service. After 37 years of official life, he left an indelible imprint on government forestry. He will be greatly missed throughout the entire Service, but above all, I shall always miss his friendship and wise counsel.

Ames Forester
AFIELD WITH THE ALUMNI

Shirley W. Allen, '09—Represented American Forestry Association on the Gila River (N. Mex.) Wilderness Trail Tider Trip last summer and rode part of the time with Asst. Supervisor Lloyd Wall, '20 and Supervisor L. R. Lessel, '12, both stationed at Silver City, N. Mexico, Gila National Forest.

William P. Harley, '15—Saw Hugh Cassidy and Roger Morris.

H. D. Petheram, Ex. '15—Karl Theilking is Area Forester in the S. C. S. with headquarters at Clouis, New Mexico.

Milo H. Deming, '20—Have seen Harley Helm, Harry Hinkley, and Joe Pechaneec occasionally.

Elmer C. Loy, '20—During a holiday leave, I went to Wisconsin and upon my returned was accompanied by the new Mrs. Loy.

Harley J. Helm, '21—See Milo Deming, John Morehead, and Harry Hinkley.

Robert E. Fennell, '22—Wishing the Forestry Dept. and all connected a very successful year from a great forester who turned out to be a good Life Insurance salesman.

Edwin W. Pohle, '22—In the retail business up to my ears and enjoying it a lot. I have a swell yard show. Anybody coming this way?

Francis M. Barnoske, '26—Was married to Miss Helen Shepardson of Hastings, Nebraska, July 7, '39.

Niels K. Clemmenson, '26—I see Glen Durrell now and then, and I've seen Mollison. Always glad to see any of the boys.

Jack B. Hogan, '26—"Chesty" is 2 years old now.

Theodore F. Kouba, '26—See Frank Trenk, Extension Forester, quite often as well as Messrs. Davis, Morbeck and Traux.

C. Svendby '26—We have excellent possibilities for the management of farm woodlands in the Pacific Northwest.

Neil Fullerton, '27—See Dean Jeffers, John Nagel, and C. Svendby occasionally.

Raymond M. McKinley, '27—Allen F. Miller '24 is now working on the Forest Mgt. Staff of the Regional Forester. The 1939 fire season has been the worst since the establishment of the Chattahoochee in 1936.

Walter L. Schipull, '27—Was transferred from Supervisor, Montezuma Nat'l. Forest, to Watershed Mgt. in Regional Office, R-2, in May, 1939.

Fred E. Boeckh, '28—Had an interesting trip through the south last fall visiting competitive mills. The company is undertaking about 100 acres of tree planting.

L. H. Kahler, '28—Don't get around much.

R. O. Lundberg, '28—We are expecting 50,000 people to visit the new park this year.

Mark A. Ratcliff, '28—Have a girl.

John W. Kulp, '29—Heard from Fred Boeckh with Insulite Company in International Falls; Jack Newville, camp superintendent at Cay Lake Camp (C.C.C.), Marall, Minn.; Roy Olson in Milwaukee office of U.S.F.S.
Roy W. Olson, '29—Iverson and Kreager are here in Milwaukee. Saw Harold Moser a few days ago.
Luther B. Burkett, '30—I am on the Supervisor's staff, handling acquisition.
Holtz, Robert Dean, '30—I took over the job of Supt. of Truxton Canyon, Indian Agency, April 1, 1939.
Ned D. Millard, '30—Supervisor Bill West is still over at Jackson, Wyoming.
Sylvan T. Runkel, '30—“Barney” Wiggins in same office with me. Ralph Harvey is in project office here.
Clarence D. Chase, '31—I had the unique pleasure of being host to the 1939 Iowa State Forestry Camp at Polack Lake Camp, entertained the group at the Manistique District Field Day.
Clyde T. Smith, '31—Have seen Trenk, Haukom, Vinton recently. Would like to hear from Art Schafen.
R. F. Balthis, '32—We had 6 inches of snow here January 20. Very unusual for us.
Wenell H. Harmon, '32—We have a little son, Jerald Leroy, born March 15th. He can saw wood already.
Charles M. Swanson, '32—Freshman Bob (Owl-face) Marshall is now in paper and pulp research, Midland, Mich. Max Ellerhoff is located ten miles south on Soil Conservation Service area at Robbs, Ill. The backwoods of southern Illinois have made me pine for any and all news, gossip, visits, and even dirty stories from all my old Ames buddies around the world. Ah men! Ah women! Ah foresters! Where are you?
Dwight L. Dannen, '33—Been working with K. E. Soder, Hort. '33, doing soybean educational work in Kansas and Nebraska. Met “Fat” Thornsberg at Pawnee City, Nebraska. He's with S. C. S. doing nothing as usual.
Earl F. Olson, '33—I talked over I.S.C. days with Gerald Griswold whom I hadn't seen in ten years. Jim Barton was promoted not so long ago to Junior Forester status.
W. E. Stone, '33—I am with the Masonite Corporation. We are making a slight dent toward the selective logging of our present holdings.
Bob Hess, '34—D. B. Demeritt said that he got an 8-point buck this year. He still has more irons in the fire than an ambidextrous blacksmith.
O. M. Johnson, '34—Am enjoying Nature once again after two years of choking in the St. Louis Blackout.
E. S. Hurd, '35—Married October 21, 1939.
Glenn Ball, '36—Married December 26th, 1939.
Everett H. Clocker, '36—Gale Thomas is a Deputy State Game Warden at Kemmerer, Wyoming.
Russell E. Getty, '36—Vance Tibbett is working for the S. C. S. He was transferred back to Pine Ridge for additional range work.
Hans C. Millis, '36—We have a new daughter, Margot Ann. I almost made the Summer Camp at Seneca. Fire busted loose on the home district so nothing came of it.
Vance A. Tribbett, '36—Married June 7, 1940. See Russ Getty practically every day. Warren Wood (Woodie) was here last summer and has received his Junior Range Examiner appointment with the S. C. S. and is now in Ukiah, Calif. Ralph Felker seems to be enjoying his work in the Southwest. I have a picture of him astraddle a big buck deer he claims he killed.
M. V. Bradford, '37—Haven't seen an Ames Forester since I left school.
Kenneth A. Brinkman, '37—Tom McLintock is in the Station here.
J. R. Dilworth, '37—Professor Hayes and Bateman, both Iowa State graduates, are on the forestry faculty here at L. S. U.
Clarence P. Kinkor, '37—Have worked with Harlie Smith; also hear from Wilhelm occasionally.
Wayne C. Lewison, '37—Had Miller, '39, in this camp all summer. See Christiansen, '35, quite often.
James F. Overby, '37—Haven't seen a single Ames Forester in this Yankee country.
Archie E. Patterson, '37—Contacted John Granson, John R. Wilson, Bill Henry, and Ken. Brinkman various times during the past year.
V. D. Hotchkiss, '38—Was married July 22, 1939. Have seen Jim Secor, and Hal B. Clarke, camp superintendent. Wayne F. Kennedy was my best man at "The Little Brown Church in the Vale" in July.
Paul A. Kellstedt, '38—Lately have been in charge of two tests supplying data for the cost accounting department. Almost married too.
Merlin "Pat" Larson, '38—"Cub" Wolf, Clinton, Iowa, is with Curtis Millworks Co.—we just live in an apartment together.
Franklin H. Mullen, '38—Have a new daughter, Judith Lou, born April 19th, 1940. Learning the treating business.
John R. Wilson, '38—Have seen Archie E. Patterson, John E. Granson, Wm. E. Henry, Tom McLintock, and Milford Hogelin.
Robert A. Blaser, '39—I am working at present with Carl Rise, S. P. Dykstra, and Bob Proctor. They are all employed in the Venetian Blind Department.
Earl W. Gates, '39—Working here in Dubuque with another woodworking company is Omer Gunderson and Ed Tow.
Robert B. Grau, '39—I am learning a great deal about timber and mill work from experience and from training in the Lumber School given by the company.
James H. Stiehl, '39—See Bob Hirt as he also works for the Hines Lumber
