A daughter, Teress Jean, to Mr. and Mrs. Earl L. Wahl on Sept. 10, 1949, in Ames, Iowa. Mr. Wahl is a V.M. 3.

A son, David Edward, to Mr. and Mrs. Harlan W. Platte on Sept. 21, 1949, in Ames, Iowa. Mr. Platte is a V.M. 3.

FACULTY

The past school year Dr. C. H. Covault, head of the Stange Memorial Clinic, attended “Career Days” at a number of Iowa high schools where he explained the requirements for entrance into the curriculum of veterinary medicine and the field of veterinary medicine in general.

Dr. M. A. Emmerson, head of the Department of Veterinary Obstetrics, attended the AVMA meeting at Detroit, Mich., this summer where he presented a paper on “Roentgen Therapy in Diseases of Domestic Animals.” Dr. Emmerson also attended a meeting of the Research Council, of which he is chairman, held in conjunction with the AVMA annual meeting. Dr. Emmerson vacationed at the Wyoming Hereford Ranch where his friend, Dr. Kingman, is veterinarian.

On Oct. 15, 1949, Dr. Emmerson attended a meeting of the newly formed Research Fund Finance Committee of the AVMA held in Chicago, Ill.

Dr. Emmerson attended a meeting of the Colorado Veterinary Medical Association where he presented papers entitled “X-ray Therapy in Diseases of Large Animals” and “Trichomoniasis and Its Control in Cattle.” Dr. Emmerson also addressed the Jr. Chapter of the AVMA at Colorado A. & M. On Nov. 21, 1949, Dr. Emmerson addressed the Central Iowa Veterinary Association meeting at Des Moines. His topic was “X-ray Therapy in Some Diseases of Domestic Animals.”

Dr. H. L. Foust, head of the Department of Anatomy, and Dr. Rydell of the Department of Anatomy attended the Eastern Iowa Veterinary Association meeting at Cedar Rapids, Iowa, held Thursday, Oct. 20, 1949.

Dr. E. A. Benbrook, head of the Department of Pathology, gave a speech on “Parasites of Dogs” at the Des Moines Kennel Club meeting held Nov. 3, 1949. Dr. Benbrook and Dr. Margaret Sloss, of the Department of Pathology, attended the National AVMA meeting in Detroit, July 11-14, 1949. Dr. Sloss also attended the Women’s AVMA meeting at Detroit and was appointed to rewrite the constitution.
Dr. R. A. Packer, of the Department of Hygiene, held a discussion on "Bovine Mastitis," Sept. 22, 1949, at a meeting of the Fayette County Veterinary Association held at Strawberry Point, Iowa. Dr. Packer also presented a paper on "Staphylococcus aureus" at the meeting of the North Central Branch of the Society of American Bacteriologists held at Iowa State College, Oct. 28, 29, 30, 1949.

Dr. L. C. Payne, of the Department of Physiology, presented a paper on "The Development of an Aptitude Test for Veterinary Medicine" at a meeting of the Association of Land Grant Colleges and Universities of the United States and Canada in Kansas City, Mo. on Oct. 24, 1949.

Reabsorption of Feti

According to Prof. F. Simmons of the Loyola University School of Medicine at Chicago, female squirrels will reabsorb young within her body if the weather is too cold at the time she is ready to deliver young. They will then mate again. Professor Simmons attributes this strange procedure to the lack of vitamin B and E caused by prolonged cold weather.

Bruises on animals sent to market cost American farmers and consumers about 50 million dollars per year. An estimated 100 million dollars was lost due to parasitism in our market animals during 1948.

All a person has to do it look at his hands; he will see a machine whose perfection the finest engineering skills have never approached.
