When in Doubt---Try Apples

By BETH BAILEY McLEAN
Formerly Associate Professor of Foods and Nutrition, Iowa State College

Boil five minutes. Cool. Add the juice of half a lemon and the juice of one orange. Or beat into the hot syrup 2 tablespoonsful of currant or grape jelly. Serve the chilled apple balls in tall sherbet glasses with 2 tablespoonsful of the sauce poured over each serving of apples. Apples served with meats, fish and fowl.

Cinnamon Apples
Cook 1 cup water and 1 cup sugar for five minutes. Add a few drops of cinnamon extract and half a tablespoonful of red coloring. Peel and core the apples and cook slowly uncovered in the syrup until tender. The apples may be cut in half inch rings, or into quarters instead of being left whole. Turn the apples so that they cook thoroughly without losing their shape. Let the apples stand in the hot syrup several hours to become red all the way through. These may be served hot with French choppers or roast. Or one may serve chilled cinnamon apples with salad dressing or with whipped cream.

Apple Rings
Select red, firm apples without skin blushing. Wash and blossom end. Wash. Cut across the core of the apple, making 1/4 inch slices. Remove the seeds. This leaves a diamond shape in the center. Make a syrup using two cups of sugar and 1 1/2 cups of water. Use a large bottom pan. When the syrup has boiled five minutes, add apple rings to cover the surface. Simmer gently until transparent but unbroken. The skin will hold the rings in shape. When done, remove the rings carefully to a hot pan and continue cooking the rest of the rings. Serve with broiled ham or pork chops—one apple ring overlapping the other on the edge of the platter.

Caramel Apples
6 apples
1 cup sugar
1 cup water
1 tablespoonful butter
Nutmeg
Wash, pare, halve and core the apples. Put the apples core side down in a granite or glass baking dish. Mix the sugar (either white or brown), water, butter and nutmeg. Pour over the apples. Cover the dish. Bring quickly to a boil, then simmer gently until transparent. The apples should stay whole and the syrup will be thick and jelly-like. Serve with roast fowl or pork.

Fried Apples With Breakfast Bacon
Fry the bacon strips, being careful to keep the fat light and not burnt. Remove the crisp bacon to a pan to keep hot. Wash, core and slice the apples in thin slices. Add to the hot fat and fry until soft and quite brown. Don't cook too fast, nor overcrowd the pan. Red-skinned apples are most attractive used this way. Serve on the platter with the bacon.

Meat and Apple Dishes
Left-over mutton or veal may be prepared in the following way: Cut the meat into pieces. In a buttered casserole put a layer of the meat, then a layer of sliced apples. Season with salt and a little chopped onion. Add another layer of meat, then apples. Add 2 tablespoons of water. Cover tightly. Bake in a slow oven until the apples are tender. Fresh meat may be used in the same way, following the pieces of meat before putting into the casserole.

Old English Pork Pie With Apples
3 lb. pork shoulder
Salt and pepper
2 tablespoons sugar
Cinnamon
3/4 cup stock
1 tablespoon butter
3 tart apples
Line a baking dish with plain pastry. Put in a layer of sliced pork, then apples, sprinkled with seasonings. Make another layer of pork, then apples, and add the stock or milk, and butter. Put on a top crust with a vent for steam. Brush over with beaten egg. Bake until an hour in the oven, then one and a half hours in a slower oven. Serve hot or cold.

Chantilly Apple Sauce
Steam 6 medium sized apples until tender. Put through sieve. Add 2 tablespoonfuls of sugar and 1/4 cup grated horseradish. Cool thoroughly. Fold in 1 cup of whipped cream. Serve in a bowl with roast duck or goose.

Apple Stuffing
A goose or duck is especially good stuffed with apple dressing. Make a bread dressing in your usual way, except that this must be very dry. Add 1/4 the quantity of chopped apples. One cup of chopped, cooked chestnuts may be added. Stuff the bird and bake.

Apple and Rice Stuffing
To 1 cup of rice, boiled or steamed until nearly tender, add 2 cups of chopped apples, 1/4 cup melted butter, salt and cinnamon to taste. Mix well and use to stuff turkey or goose.

APPLE RELISHES
Apple Chutney
12 tart apples
1 onion
2 red peppers
2 green peppers
1 cup seeded raisins
1 pint currant or grape vinegar
2 cups sugar
4 lemons
1 tablespoon ginger
3/4 teaspoon cinnamon
1 tablespoon salt
Chop the apples, onions and peppers very fine. Add the vinegar. Simmer one hour. Add other ingredients. Use the juice and grated rind of the lemons. Let boil 1 hour, stirring often. Seal in glass jars.

Apple Catsup
12 sour apples
1 cup sugar
1 teaspoon pepper
1 teaspoon cloves

1 pint vinegar
Quarter, pare and core the apples.
Cover with water and sim mer till soft.
Chop the onions fine. Combine all the ingre:
dients and let simmer one hour or until the consistency of catsup. Seal while hot.

APPLES WITH VEGETABLES
Scalloped Apples and Sweet Potatoes
2 cups boiled sweet potatoes

1/2 cup light brown sugar
1
1/2 cup sliced sour apples
4 tablespoons butter
1 teaspoon salt
Cut the cold boiled sweet potatoes into
1/4 inch slices. Slice the apples in thin
slices. Butter a baking dish. Put into
this a layer of the potatoes, then apples.
Sprinkle with sugar and salt and dot with
butter. Make a second layer in the same
way. Bake in a moderate oven one hour.
Cold cooked Hubbard squash may be used
in place of the sweet potatoes.

Apple Breads
To a piece of bread dough the size used
for a loaf of bread, work in one beaten
egg and 1/4 cup melted butter and 1/4 cup
sugar. These may be added to some of
the sponge before the flour is added if
one wishes. Spread out the dough half
an inch thick in a shallow rectangular
pan. Let rise. Peel, core and cut the apples into eighths. Press the sharp
edges of the wedge-shaped pieces of apple
lightly into the surface of the dough.
Sprinkle with mixed sugar and cinnamon.
Bake in a quick oven. Serve hot for
luncheon or supper.

One may use baking powder biscuit dough in place of the bread dough. Add to 3-1/2 cup milk, 1 egg and 2 tablespoons
sugar. Mix 2 cups flour. 4 teaspoonfuls
baking powder, 1 tablespoon fat as for
biscuit. Combine wet and dry ingredi:
ents. Roll out half inch thick and pro:
ceed as stated above.

Apples in Salad
Apples combine with any fruit mixture.
If the red skins are left on, th’s adds a
bit of color to the salad. Because apples
describe so readily, do not cut up the
apples until just before serving. If one
wishes to prepare an apple salad some
time before the meal, try the following:
Cut up the fruit and place in a glass or
granite bowl. Use your favorite combina:
tion of fruits. Make a lemon gelatine
following the recip: on the package. Chill.
Pour this chilled lemon jelly over the
fruit and chill thoroughly to completely
cover but not flat the fruit. Let stand
till firm. In this way apples may be used
without fear of discoloration.

Other apple fillers are especially good
used in this same lemon gelatine mixture
for a dinner salad. The crab apples are
placed whole; stems up, in a granit’e or
glass bowl and covered with enough lemon jelly to cover the apples. When firm, cut into squares, serv ing one apple to a square.
Serve on a platter with cold meat or fowl.

Other Apple Salad Suggestions
1. 2 cans apples, cored, 1 tablespoon
dropped pimiento, 1 cup cottage
cheese shaped into balls.

2. Apple, celery, almond, and green peppers.
3. Apple, cabbage and coconuts.
4. 2 cups chopped apple, 1/2 cup chopped
American cheese and 1/2 cup chopped
sweet pickle slices.
5. 2 cups chopped apples, 2 cups cold
cubed veal or pork, 1 cup chopped
celery.

APPLES FOR PARTIES OR SPECIAL OCCASIONS
Apple Ginger
Quarter, pare, core and chop sour app:
les to make ten cups. Boil up ten cups
sugar, 2 lemons sliced very fine, 2-1/2
inch pieces of ginger root. Add the apples
and let simmer until transparent. Do not
hurry these or the mixture will burn.
Turn into jelly glasses and serve cold
with cold meat sandwiches or salads.

Apple Punch
1 cup grape juice
1 cup cider
2 lemons
1 1/2 cup sugar
1 quart water
Make a syrup of the sugar and water.
Cool, add the juice of the lemons, grape
juice and cider. Serve ice chilled. One
pint chilled water may be used in place of
half the water in the syrup. Add this
with the other ingredients.

Cider and ginger ale in equal parts
make a good punch, also.

Candy Apples or Apple Lollipops
2 cups sugar
1 cup corn syrup
7 1/2 cups milk
1/2 tsp. salt
Cook the sugar, syrup, and 1 cup milk
until a little tested in water will form a
soft ball. Add 1/2 cup milk and cook
until a hard ball is formed in water. Stir
constantly to prevent burning while
cooking. Remove from fire. Select per:
fected red apples. Clean. Stick a wooden
skewer secured at a right angle into the stem
end of each apple. Dip each apple
into the syrup to thoroughly coat. Let
drain, put on greased or waxed paper to
dry.

Apple Desserts
The all-American dessert of apple pie
a-la-mode cannot be improved upon.
These apple pies differ in flavoring,
thickness and consistency. And most of us
prefer our family brand to any new re:
ipe. But here are two recipes for quite
unusual apple pies.

Fluffy Apple Pie
3 apples
3 1/2 cups butter
3 eggs
3/4 cup sugar
2 tbsp. lemon juice
Grated rind 1/4 lemon
Put through a fine sieve. Add remaining
ingredients except the eggs. Beat the yolk
and white separately. Beat the yolks into
the hot mixture. Fold in the beaten
whites. Line a pie plate with p’ie dough,
making a good rim. Turn in the apple
mixture. Bake till firm in a moderate
oven. The top may be garnished with a
latticework of meringue and put back
into the oven to brown.

A Different Apple Pie
Mix 1 1/4 cups sugar and 1 3/4 cups flour.
On the lower crust of p’ie dough place a
layer of sliced apples, then a generous

layer of the sugar and flour mixture. Use ¾ cup butter to dot the surface. Add another layer of sliced apples, then the sugar mixture, and another ¾ cup butter. Mix 1 teaspoon of vanilla with 2 tablespoons of water. Pour over the top layer of apples. Put on the top crust. Press together around the edge. Sprinkle lightly with sugar. Start to bake in an oven with good heat from the bottom, to cook the lower crust before it becomes soggy. Reduce the heat and bake one hour.

Apple Torte

3 cups chopped apples
1 cup sugar
½ cup flour
1 cup raisins and nuts
1 egg beaten
2 tbsp. baking powder
Salt
1 tbsp. butter melted
Mix and bake in a buttered square cake pan 40 minutes. If the apples are firm, this torte will turn from the pan and may be cut in squares to serve. If apples cook up, serve in sherbet glasses by spoonfuls. Serve with cream. This may be served either hot or cold.

Apple Dumplings

1 ½ cups flour
1 3 cup fat
2 tbsp. baking powder
½ tsp. salt
2 ½ cups water
2 tbsp. butter
½ cup sugar
Nutmeg or cinnamon

Mix and sift flour, baking powder and salt. Work in the 1-3 cup fat. Add the water to make a pie paste. Roll out to ¾ inch thickness in square shape. Pare and core medium sized apple. Cut the dough into four squares. On each square place an apple. Fill the center of the apple with sugar (white or brown), sprinkle with nutmeg. Dot with butter. Bring the four corners of the square over the apple. Moisten the edges with water and press firmly together. Pierce with a fork. Bake in a greased pan in a moderate oven about 40 minutes, or until the apple is tender and the crust is well browned. Serve hot or cold with cream or a pudding sauce.

VARIATIONS IN BAKED APPLES

Coconut Apples

Wash and core four apples. Bake in a moderate oven, using 2 tablespoons water in the pan. Make a syrup, using 1 cup brown sugar, 1 tablespoon butter and ½ cup milk. Add ½ cup shredded coconut. Pour over baked apples. Sprinkle with coconut. Return to oven to brown the coconut or serve without browning.

Marshmallow Apples

Just before removing baked apples from the oven, stuff a marshmallow into each core hole. Let the marshmallow brown. Remove from oven.

Meringue Apples

When apples are baked, fill the centers with jelly or marmalade. Make a meringue with the whites of two eggs and 4 tablespoons of sugar, flavor with lemon. Spread the meringue over the tops of the apples, leaving a rough, jagged surface. Bake about 2 minutes in a moderate oven, to set the meringue. Serve hot.

Blushing Apples

Core and bake or cook, in boiling water, 6 red apples. Carefully remove the skin. If apple is not red on all sides, spread the red pulp completely over the whole apple with a knife. Use the water

The Co-Ed Dresses

The Fall Mode is Slightly Molded and Elaborately Flared

The triumph of the flare over straight lines is undoubtedly an important one in the struggle for style supremacy. Frockos and coats are cut on circular lines in an infinite variety of ways, hem lines are widened with godets and plaits and the slightly molded bodice achieves a place of prominence in many of the newest and ultra-chic creations. For the most part, the flare starts at the hipline or even higher, but many frocks cling to the low knee flare, which is extremely youthful. Fur banding at the hem enhances the charm of many models and colorful embroideries on puffed sleeves and scarf collars add picturesqueness to the mode.

The Thanksgiving Dinner

(Continued from page 1)

Pear stick several green leaves, at the other end stick in a clove. Make a little mound of dressing at one side. Let this stand on ice until ready to serve. This salad may be served as a separate course or along with the meat course.

To summarize, it would be well to remember that even though Thanksgiving comes but once a year, we should try to have as well balanced a meal on that day as we have at any other well planned meal. We must not think that to have a bountiful meal we must have several duplicates as potatoes, rice, squash, sweet potatoes or two or three different kinds of pie. If we have a carbohydrate, as potatoes, a protein food as our meat dish, a relish of some kind, at least one green vegetable, either fresh or canned, some fruit and a dessert, we will have a fairly well balanced meal. Do not try to overdo your Thanksgiving dinner. Have it well planned, well prepared and well served.

in which the apples are cooked to make this sauce. 1 cup water, 1 cup sugar, juice and rind of 1 orange. Boil till thick. Pour over the apples and serve with whipped cream.

Jellied Apples

Pare, core and cut apple into sixteenths. Use 1 quart. Make a syrup, using 2 cups sugar to 2 cups water. Add apple sections to syrup. It is best to use a shallow pan so that apple sections float on the surface. Cook slowly till apples are transparent. Carefully lift apples from syrup. To 1 cup syrup add tablespoon gelatine softened in a little cold water. Let cool. Add 1 teaspoon lemon juice. Put the apple sections into a glass or aluminum mold. Pour over the gelatine mixture. When firm, turn from mold and serve with whipped cream.

Apple Fritters

1½ cup flour
2 tsp. baking powder
¼ tsp. salt
1 egg
2-3 cup milk
2 sour apples
Sift flour, baking powder and salt. Beat the eggs and add the milk. Mix the wet and dry ingredients. Beat. Let stand one hour. Pare, core and cut the apples in thin slices or small chunks. Stir into the batter. Drop by spoonful into hot deep fat and fry to a delicate brown. Serve at once with a tart sauce, as lemon, orange, maraschino or jelly sauce.

Real Lace

(Continued from page 3)

Guipure. It was the earliest Irish lace industry, and is made in this manner: a pattern, which is put into a frame, is covered over with a thin, white muslin; this pattern, which is visible thru the muslin, is then outlined on the cloth with an over and over stitch; the designs are connected by bars of thread covered over with buttonhole stitch; the last step is to cut away the fabric outside the outline and underneath the bars or "brides", as they are called.

We finally come to machine-made laces. The Nottingham looms of England were the first lace-making machines made, and it is said they were evolved out of the stocking loom. Improvements have been made on this loom, until now an imitation lace almost defies detection. Frequently it is said that unless one can afford real lace, one should not use lace at all. I think this is an incorrect statement.
