Mycotoxins Videos Released

Abstract
For a more in-depth discussion and overview of mycotoxins, the Grain Quality Initiative and the Crop Advisor Institute have prepared two video modules, Mycotoxins in Feed and Grain Industries.

Keywords
Agricultural and Biosystems Engineering, Plant Pathology and Microbiology

Disciplines
Agricultural Science | Agriculture | Bioresource and Agricultural Engineering | Plant Pathology

Mycotoxins Videos Released

October 20, 2014

By Charles Hurburgh, Department of Ag and Biosystems Engineering; Alison Robertson, Department of Plant Pathology; and Erin Bowers, Department of Agricultural and Biosystems Engineering.

For a more in-depth discussion and overview of mycotoxins, the Grain Quality Initiative and the Crop Advisor Institute have prepared two video modules, Mycotoxins in Feed and Grain Industries.

Toxins I:

Mycotoxins Development can be viewed here. (Adobe Flash Player is required.)
Toxins II:

Best Practices in Handling and Testing can be viewed here. (Adobe Flash Player is required.)

Each program is about 30 minutes; one covers basic biology and development of mycotoxins and the second covers management and testing issues.

Charles Hurburgh is a professor in the Department of Ag and Biosystems Engineering. He can be reached at tatry@iastate.edu or 515-294-8629.

Alison Robertson is an associate professor in the Department of Plant Pathology and Microbiology; she can be reached at alisonr@iastate.edu or 515-294-6708.
Erin Bowers is a post-doctoral research associate in the Department of Agricultural and Biosystems Engineering. She can be reached at erin@iastate.edu or 515-294-6383.
