CHRISTMAS TREE SALES

This year's sale ran for two weeks from December 1st through 15th, (sales were cancelled for two days due to bad weather). The club purchased two hundred forty-five trees from Woodland Acres in Decorah, Iowa. We were not able to use any trees from our own plantation, but, maybe next year! Sales were slower than we had hoped they would be and we ended up throwing out thirty trees. Still, the Club had a net profit of almost six hundred dollars.

We will be trying new sales tactics in the Ames area, and the new roads at the Memorial Union may force us to move our sale site next year. Look for big changes in next year's sales!

I would like to thank everyone that helped sell and transport the trees, and also Jerry Grebush for allowing the club to store the trees at the state nursery.

Dr. Colletti receives a special recognition from the Forestry Club during the Game Banquet

WILD GAME BANQUET

The 1991 Wild Game Banquet was held on March 23rd in the Scheman building at I.S.U.. This annual event offers students, faculty, parents, and alumni, an opportunity to become acquainted, and enjoy an excellent meal. Co-chairs for this year's Banquet were Troy Jamieson and Ken Trytek.

The evening began with a delicious meal of wild game, followed by the presentation of awards and scholarships. Student leaders of the Forestry Club, SAF, FPRS, and Xi Sigma Pi were recognized, and the results of the recent elections for student leaders were announced. The awards presentation was followed by guest speaker James Torrence.

Mr. Torrence is an I.S.U. alumnus who, until his recent retirement, was the Pacific Northwest Regional Forester for the U.S. Forest Service. He was involved in many decisions concerning the old growth forests of the Pacific Northwest and spoke on
