VEISHEA

VEISHEA is always a fun event here at Iowa State. It is a chance for parents, families, and alumni to visit campus and see what is happening. The 1991 VEISHEA celebration was held on May 3 and 4. This article was written in advance because of publication deadlines, but it looks like this years display will be fun and educational for both public and students.

The Forestry Club will participate with a display entitled "Forestry: The Ultimate Adventure" located on the second floor of Bessey Hall. Forestry research, extension informa-

tion, and student activities will be highlighted. Smokey the Bear will hand out educational items to children on campus and the Club plans to distribute about 12,000 norway spruce seedlings to visitors at our display.
