Experiments in Previous Annual Reports

NO₃-N Concentrations in Shallow and Deep Groundwater Wells from 1991 to 2003 .............................................. ISRF04-13
Crops and Soils Responses to Rates of Lime .......................................................... ISRF04-13
Runoff Phosphorus Loss as Affected by Tillage, Fertilizer, and Swine Manure ........................................ ISRF04-13
Phosphorus Management in Corn-Soybean Production Systems .................................................. ISRF04-13
Phosphorus and Potassium Placement Methods for Corn and Soybeans Managed
   with No-Till and Chisel Plow Tillage ........................................................................... ISRF04-13
Effects of Crop Rotation and Nitrogen Fertilization on Crop Production ........................................ ISRF04-13
2003 Wine Grape Cultivar Trial ................................................................................ ISRF04-13
Corn Planting Dates .......................................................................................................... ISRF03-13
Legume Identity and Timing of Incorporation Effect on Soil Responses
   to Green Manure .................................................................................................. ISRF03-13
Management of Soybean Aphids in 2003 ........................................................................... ISRF03-13
Corn Row Spacing, Plant Density, and Maturity Effects .................................................. ISRF02-13
Organic versus Conventional Farming Systems .................................................................. ISRF02-13
Water Table Level as Influenced by Tiling Method ....................................................... ISRF02-13
Fertilizer and Swine Manure Management Systems ........................................................ ISRF02-13
Seed-Applied Fungicides for Very Early-Planted Soybeans .................................................. ISRF02-13
Excerpts from Keynote Address: ISU NE Research Farm Silver Anniversary Field Day .... ISRF01-13
Twenty-Six Years of Soybean Planting Date Studies ................................................................ ISRF01-13
Planting Date and Hybrid Maturity Effects on Corn Yield in Iowa ........................................ ISRF00-13
Emergence Characteristics of Several Annual Weeds ......................................................... ISRF00-13
Stalk and Ear Diseases in Bt and NonBt Corn Hybrids in Northeast Iowa .......................... ISRF00-13
Manure- and N-Management Systems Effect on Groundwater Quality .......................... ISRF99-13
Stand Reduction Effects on Corn Grown at High Population Densities ............................. ISRF99-13
Long-term Phosphorus and Potassium Fertilization of Corn and Soybeans .................. ISRF99-13
Row Width and Variety Effects on Soybean Yield ........................................................... ISRF99-13
Transport of Chemicals through Fractures in Pre-Illinoian Till ........................................ ISRF99-13
Adjusting Planting Dates to Manage Interactions between Transgenic Bt
   and NonBt Corn with Emphasis on the European Corn Borer and Natural Enemies ....... ISRF98-13
Organic versus Conventional Farming Systems .......................................................... ISRF98-13
Effect of Row Spacing and Tillage on Soybean Yield .................................................. ISRF97-13
Management of White Mold by Tillage, Row Spacing, and Varieties ............................. ISRF97-13
Conversion of CRP to Corn and Soybeans ................................................................ ISRF96-13
Alternative Management Systems for Crop Production, Soil Quality,
   and Environmental Protection .................................................................................. ISRF95-13
Hydrogeology and Water Quality Studies in the Devonian Aquifer ................................ ISRF94-13
Evaluation of Tillage/Crop Rotation Effects on Groundwater Quality .......................... ISRF93-13
