Information on Experiments in Previous Annual Progress Reports

Effects of Long-Term Tillage and Crop Rotation on Soil Carbon and Soil Productivity ................................................................. ISRF03-12
Phosphorus and Potassium Fertilizer Placement for Corn and Soybeans
  Managed with No-till and Chisel-Disk Tillage .................................................. ISRF03-12
Comparison of Organic and Conventional Crops at the Neely-Kinyon Long-term Agroecological Research (LTAR) Site................................................. ISRF03-12
Woolly Cupgrass Control in Corn with Preemergence and Postemergence Applied Herbicides .................................................. ISRF03-12
A Row Cover and Low-Risk Insecticide Strategy for Cucumber Beetle
  Management ................................................................................................. ISRF03-12
Soil pH and Plant Population Effects on Soybean Yield ........................................ ISRF03-12
2002 Leopold Grape Cultivar by Management System Trial ................................ ISRF03-12
2003 Wine Grape Cultivar Trial ...................................................................... ISRF03-12
Real-time Ultrasound and Performance Measures to Assist in Feedlot Cattle Sorting for Marketing Decisions .................................................. ISRF03-12
Sow and Litter Performance for Individual Crate and Group Hoop Barn
  Gestation Housing Systems: Progress Report II ............................................. ISRF03-12
Crop Yield Trial in Iowa ................................................................................... ISRF02-12
Seasonal and Rotational Influences on Corn Nitrogen Requirements............. ISRF02-12
Corn Yield Response to Applications of Swine Manure and Stay-N ................. ISRF02-12
Comparison of Organic and Conventional Crops at the Neely-Kinyon Site .... ISRF02-12
Trapping and Other Strategies for Cucumber Beetle Management................ ISRF02-12
Edamame (Vegetable Soybean) Variety Trial at Neely-Kinyon Site ................. ISRF02-12
2002 Leopold Grape Cultivar by Management System Trial ................................ ISRF02-12
Rotational Grazing Demonstrations with Beef Cows on CRP Land ................. ISRF02-12
Intensive Rotational Grazing of Steers on Highly Erodible Land ..................... ISRF02-12
Planting Date Effects on Yield and Grain Composition of High Oil Corn ...... ISRF01-12
Efficacy of Corn Seed Coated with Pro-Shield Technology with Force ST for
  Insect Control in Field Corn ......................................................................... ISRF01-12
Soybean Response to Early Planting and Seed-Applied Fungicide ................. ISRF01-12
Sulfur Fertilizer Application to Corn and Soybean ......................................... ISRF01-12
Effect of Yeast Supplement on Performance of Steer Calves ......................... ISRF01-12
Dairy Heifer Growth and Performance on Grass Pasture ............................... ISRF01-12
The Effects of Gestation Housing on the Reproductive Performance of
  Gestating Sows: A Progress Report ............................................................. ISRF01-12
Swine Carcass Composting ........................................................................... ISRF01-12
