## Ethanol webcast archived online

### **Abstract**

The Perspectives on Present and Future Corn-Based Ethanol Industry webcast was presented by Iowa State University (ISU) Extension on Monday, November 13. An archive of the program is available at <http://www.extension.iastate.edu/webcast/archive.htm>. Seven Iowa State University economists presented economic information on several aspects of the industry during the 3-hour, 15-minute program. Links to papers offering additional information on each topic and the PowerPoint each presenter used are available at <http://www.extension.iastate.edu/ag/ethanol.html>.

The ***Perspectives on Present and Future Corn-Based Ethanol Industry*** webcast was presented by Iowa State University (ISU) Extension on Monday, November 13. An archive of the program is available at <http://www.extension.iastate.edu/webcast/archive.htm>.

Seven ISU economists presented economic information on several aspects of the industry during the 3-hour, 15-minute program. Links to papers offering additional information on each topic and the PowerPoint each presenter used are available at <http://www.extension.iastate.edu/ag/ethanol.html>.

- *Demand Drivers for Ethanol and Outlook for Prices* by John Miranowski, professor of economics.
- *Situation and Outlook for the Ethanol Industry* by Paul Gallagher, associate professor of economics.
- *Impacts of Iowa's Rapid Expansion in Corn-based Ethanol Production on Crop Acreage Needs, Grain Prices, Basis Behavior and Distillers Grain Supplies* by Robert Wisner, professor of economics and extension economist.
- *A Firm Level of Perspective on Ethanol Expansion* by Robert Jolly, professor of economics and extension economist.

- *The Long-Run Impact of Corn-Based Ethanol on the Grain, Oilseed, and Livestock Sectors: A Preliminary Assessment* by Amani El Obeid, associate scientist, Center for Agricultural and Rural Development.
- *Expansion in the Ethanol Industry and Its Effects on the Livestock Industry* by John Lawrence, professor of economics and director, Iowa Beef Center.
- *Potential Infrastructure Constraints on Ethanol Production in Iowa* by Roger Ginder, professor of economics and extension economist.

Numerous questions were submitted for the questions and answers portion of the show. The questions not answered on the program will be answered by the presenters and made available on the Web at <http://www.extension.iastate.edu/ag/ethanol.html>.

*Integrated Crop Management* is published by Iowa State University Extension, with funding support from the Integrated Pest Management program. Subscriptions are available for \$45 a year from the Extension Distribution Office at ISU. To subscribe or change the address of a current subscription, write to 119 Printing and Publications Building, Iowa State University, Ames, Iowa 50011 or call 515-294-5247. Please indicate that you are inquiring about *Integrated Crop Management*. Marlin E. Rice, Department of Entomology, is executive editor of *ICM Newsletter*; Keven Arrowsmith, Extension Communications and Marketing, is managing editor; and Donna Halloum, Information Technology Services, Iowa State University, is production designer.

**... and justice for all**

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, gender, religion, age, disability, political beliefs, sexual orientation, and marital or family status. (Not all prohibited bases apply to all programs.) Many materials can be made available in alternative formats for ADA clients. To file a complaint of discrimination, write USDA, Office of Civil Rights, Room 326-W, Whitten Building, 14th and Independence Avenue, SW, Washington, DC 20250-9410 or call 202-720-5964. Issued in furtherance of Cooperative Extension work, Acts of May 8 and June 30, 1914, in cooperation with the U.S. Department of Agriculture. Jack M. Payne, director, Cooperative Extension Service, Iowa State University of Science and Technology, Ames, Iowa.
