2004 Ag Chemical Dealer Updates

Abstract

Crop production changes at a rapid pace. New products, label revisions, regulatory requirements, soil nutrient recommendations--just some of the items you need to stay up to date on to better serve your customers. The Ag Chemical Dealer Updates are designed to do just that. The Ag Chemical Dealer Updates are intended to deliver the latest crop production recommendations, news, and information directly from Iowa State University Extension.

INTEGRATED CROP MANAGEMENT

2004 Ag Chemical Dealer Updates

Crop production changes at a rapid pace. New products, label revisions, regulatory requirements, soil nutrient recommendations--just some of the items you need to stay up to date on to better serve your customers. The Ag Chemical Dealer Updates are designed to do just that.

The Ag Chemical Dealer Updates are intended to deliver the latest crop production recommendations, news, and information directly from Iowa State University Extension. Each location features updates on weed, insect, crop disease, and soil nutrient management brought to you by Iowa State University experts. Meetings will review the positives and negatives of the 2004 growing season and prepare seed, chemical, and fertilizer dealers, crop consultants, farm managers, and agronomists for the challenges of the 2005 crop production year.

Each of the 11 meetings is also a convenient way to obtain continuing education units for Certified Crop Advisers, as well as recertification for commercial ag pesticide applicators in categories 1A, 1B, 1C, and 10.

The registration fee is \$40 for each location until 7 days before the meeting date. Late registration or registration at the door is \$60. There is an additional \$10 fee for those needing applicator recertification credits.

Brochures will be mailed out October 15. You can also view the brochure and register online with your credit card at <http://www.aep.iastate.edu>. If you are not on our mailing list and would like to be notified of Agribusiness Education Program events, e-mail your information to aep@iastate.edu or call our office at (515) 294-6429.
