# INTEGRATED CROP MANAGEMENT

## Dates set for 2000 Integrated Crop Management Conference

If you are interested in crop production and protection, please plan to attend the 11th Annual Integrated Crop Management Conference (Integrated Crop Management) to be held on November 29 and 30 at the Iowa State Center in Ames. Registration is in C.Y. Stephens Auditorium.

Last year the Integrated Crop Management Conference attracted more than 800 participants from throughout the United States. The 2-day conference is designed to highlight emerging and current issues in production agriculture. Farm managers; agronomists; soil conservationists; crop management consultants and dealers; and other representatives of seed, chemical, and fertilizer companies should attend.

Selected workshops will qualify for certified crop advisor continuing education units. In addition, certified commercial pesticide applicators in categories 1A, 1B, 1C, and 10 can fulfill their 2000 continuing instructional course needs.

A brochure will be mailed at a later date. If you are not currently on the Agribusiness Education Program (AEP) mailing list and would like to be included, please check our Web site at <http://extension.agron.iastate.edu/aged/> and click on the "mail list" to register your address. You also may contact Jerolyn Packer at [dpacker@agron.iastate.edu](mailto:dpacker@agron.iastate.edu) or by phone at 515-294-6429. The mailing address for AEP is 2104 Agronomy Hall, Iowa State University, Ames, IA 50011.

This conference is hosted by the Iowa State University Departments of Agronomy, Entomology, Plant Pathology, and Agricultural and Biosystems Engineering.
