ISUVMAA Annual Meeting

Editor's Note: The following reports are published at the request of the Secretary-Treasurer of the Iowa State University Veterinary Medical Alumni Association, according to Article I, Section 3.

Minutes of the Annual Meeting

—Des Moines Club; January 31, 1984

The annual meeting of the ISUVMAA was called to order by President James Yoder at 12:00 noon. Minutes of the previous meeting, as distributed, were approved. A summarization of the activities of the ISUVMAA for 1983, submitted by past Secretary-Treasurer Dr. John B. Herrick, was distributed to the membership. The 1983 treasurer's report, showing assets on 12/31/83 of \$37,589.65, was presented. The auditing committee, Dr. Jerry P. Kunesh and Dr. William O. Reece, recommended that the treasurer's report be approved. It was approved by vote of the membership. A proposed 1984 budget was presented to the membership. An amendment presented by Dr. Jerry Kunesh to change the "Executive Committee Contingency Fund" to "President's Discretionary Fund" was passed by the membership. Consistent with this change, Dr. Kunesh explained the implicit requirement that any expenditure for contingency expenses be approved by the ISUVMAA president.

A motion was made by Dr. Hoefle, seconded and passed, that any expenditures beyond 1984 income due to the revised budget be taken from cash reserves, if necessary. The final budget, as amended, was passed by the membership.

There was no old business.

Drs. Arlo E. Ledet and William O. Reece submitted proposed amendments to the ISUVMAA By-Laws, as follows:

Article I. Sec. 1. Add: *He shall appoint a 3*

member nominating committee and a 3 member auditing committee to be made up of members in good standing and not currently serving on the executive committee.

Sec. 3. Add: *He shall publish the treasurer's report, the auditing committee's report, and the minutes of the executive committee meetings and the annual business meeting in the ISU Veterinarian.*

Both proposed amendments were passed.

The nominating committee, Dr. Don Draper and Dr. Bernard Curran, submitted the following names for 1984:

President-Elect: Dr. William Hoefle

New Executive Board Member; Dr. Jerry Den Herder

Secretary-Treasurer: Dr. Nolan Hartwig

Dr. Marvin Johnson, President-Elect, will become President.

(Dr. Cary Christensen continues as Board Member)

A motion, made by Dr. William Owen, that the slate of proposed officers and board members be elected was seconded and passed unanimously.

A special award, consisting of a bronzed plaque of the front page of the first issue of *The Gentle Doctor* was presented to past Secretary-Treasurer Dr. John Herrick. After a few remarks, Dr. Herrick received a standing ovation by the membership of the ISUVMAA.

The speaker for the annual meeting was Mr. Jack Ketterer, Executive Secretary of the Iowa Racing Commission. Mr. Ketterer discussed the future of pari-mutuel racing in Iowa and the general duties of track veterinarians and practitioners associated with pari-mutuel racing in other states.

The meeting adjourned at 1:35 p.m.

Auditing Committee's Report
January 13, 1984

We, the Auditing Committee of the Iowa State University Veterinary Medical Alumni Association, have examined the Treasurer's Report for 1983 and find that the assets as of December 31, 1983 are consistent with the income and disbursement listings for 1983.

We were able to find a copy of a proposed

budget for 1983 but could find no evidence in the minutes of the 1983 annual meeting that this budget was approved. Therefore, we were unable to determine if expenditures were consistent with any approved budget.

We hereby recommend that this report be approved.
