Summer FEEL brochure on the web

Abstract

The Field Extension Education Laboratory (FEEL) 1999 summer brochure is now available on the Web at <http://extension.agron.iastate.edu/aged/FEEL/feel.htm>. FEEL will offer a crop diagnostic, soil management, alfalfa, and late-season disease clinic in addition to courses on the Iowa crop management database, selling integrated crop management (ICM) services for a profit, and a review of ICM for agribusiness professionals. You also can enroll for a videotaped course on the influence of weather on crops and crop production.

Summer FEEL brochure on the web

The Field Extension Education Laboratory (FEEL) 1999 summer brochure is now available on the Web at <http://extension.agron.iastate.edu/aged/FEEL/feel.htm> [1]. FEEL will offer a crop diagnostic, soil management, alfalfa, and late-season disease clinic in addition to courses on the Iowa crop management database, selling integrated crop management (ICM) services for a profit, and a review of ICM for agribusiness professionals. You also can enroll for a videotaped course on the influence of weather on crops and crop production.

To register for these clinics or courses, print the brochure, circle the ones you want to attend, and fill in the total. Each FEEL clinic or course will have a limited enrollment. Return the completed form with your check to Agribusiness Education Programs, 2104 Agronomy Hall, Iowa State University, Ames, IA 50011. Please put one name on each form and make photocopies for additional registrations. Registration is on a first-come, first fee-paid basis. The registration fee includes course materials, noon meal, and refreshments during breaks.
