## Quick SCN info on new web site

### **Abstract**

Information about soybean cyst nematode (SCN) can be accessed at a new Iowa State University Web site called [Quick SCN Info](#). This site is part of the Tylka nematology laboratory's [web site](#). Quick SCN Info contains current SCN management recommendations, commonly asked questions and answers about SCN, links to most of the ISU Extension SCN publications available on the Web, and links to many other Web sites containing SCN information. Among the publications accessible through this site are the 1996 and 1997 SCN Variety Trial results and the most current list of public and private disease-resistant soybean varieties. Be sure to bookmark this site!
