Truth

Reyma S. McCoy

Lie to me-
I'll return the favor
without batting an eye

let's keep up appearances
for a while
make small talk
over coffee
and biscotti

I'll catch up on your family
friends
sit through
your self-congratulations

and you'll feign interest
in my musings
on God
vegetarians
the political landscape
of Holland

we'll commiserate
smile
and play nice

but, as we talk
know this-
I'm thinking
that I want to
fuck you

raw
rip off your clothes
pull your hair
scratch my nails
down your back
your breasts

your ass

I want to slap you
leave bruising
from my rings
on your face

pleasure
humiliation
unite

to break your heart
your spirit
your ribs

you suck
your thumb
as you come
and cry

like a child
while I rape you
loot your house
pillage your soul

leaving you
when I am done
on the side of the road
for the dogs
to divide
