Woman

Molly McDonald

If I
were to die
like Shelley
-overboard
and intimate
with the aquatic
-identified
only
by pocketful
of poetry

I would hope
to have the foresight
to insulate
myself
with the complete
works of
Dr. Seuss

Though my
arms and breasts
may be
gone

(cont.)

or there
but only just

I'd like to think
that a rainbow
of ink
would bleed
onto my torso
along with some
choice lines
about
stolen holidays
or
Trufflula trees
