EDITOR'S NOTE

Sketch has been around a long time. You're holding a piece of history in your hands. Not the boring kind of history where dates stumble through your head and you slump over your desk and drool onto your notebook. The exciting kind. The kind that Iowa State students keep making every day. A poem scrawled in a notebook at the back of statistics class. A photograph snapped in the multi-colored light of a Campustown bar. A story, poured over evening upon evening after yoga class.

Keep making our history. We're happy to be part of yours.

Enjoy!
