Hi Brian,

Apologies, I forgot to include the below article in my initial permissions request. Would it be alright if we deposited this article as well?

Carriquiry, Alicia, Heike Hofmann, Xiao Hui Tai, and Susan VanderPlas. "Machine learning in forensic applications." *Significance* 16, no. 2 (2019): 29-35.

Best,

Hope

**Subject:** Permission Request

Permission Specialist,

I work for the Iowa State University Library and I have been working with the Center for Statistics and Applications in Forensic Evidence (CSAFE) to get their scholarship deposited in our institutional repository, Iowa State University Digital Repository. I am writing for permission to deposit the below article in our repository, on behalf of CSAFE.

**Mejia, Robin, Maria Cuellar, Dana Delger, and Bill Eddy. "What does a match mean? A framework for understanding forensic comparisons." *Significance* 16, no. 2 (2019): 25-28.**

Iowa State University Digital Repository is a non-commercial institutional repository that provides access to the scholarship of Iowa State University's faculty, students and staff, including the scholarship produced by CSAFE authors. This scholarship is made available for personal, educational and research use. All publications deposited in the repository are described with complete bibliographic information for the original publication and includes an explicit statement identifying the date and owner of copyright.

Please let me know if we have permission to deposit their publications in our repository. I look forward to hearing from you.

Best,

Hope Craft
