LOOKING TO THE FUTURE OF I-80

9. In the next 10 years, traffic congestion on I-80 will:(*Select the best choice.*)

- Get a lot better.
- Get a little better.
- Stay the same.
- Get a little worse.
- Get a lot worse.
- I don't know.

10. Rank the conditions based on their importance to you regarding I-80 over the next 20 years?(*Use 1 for the most important and 6 for the least important. You can also click and drag the statements to create an order.*)

	<input type="text"/>	The flow of traffic.
	<input type="text"/>	The amount of truck traffic (congestion).
	<input type="text"/>	The condition of the road.
	<input type="text"/>	The amount of road construction.
	<input type="text"/>	The number of lanes available for travel.
	<input type="text"/>	The current level of safety on the road.

11. What conditions, if any, would cause you to choose an alternate route to I-80?(Choose all that apply.)

- An increase in personal vehicle traffic on I-80
- A change in roads conditions I feel make I-80 unsafe
- An increase in truck traffic on I-80
- Nothing - I would always use I-80
- Other

If you responded "Other," please specify:

12. How important will it be to add lanes to I-80?(Select the best choice.)

	Unimportant	Somewhat unimportant	Neutral	Somewhat important	Very important
Importance of adding lanes to I-80	<input type="radio"/>

INTERSTATE SYSTEM OVERALL

13. There are a number of objectives our interstate system is designed to meet. If you had 100 points to divide between the five objectives below, how many points would you assign to each objective? *(Please enter numbers between 0 and 100.)*

Improving safety	<input type="text"/>
Increasing capacity	<input type="text"/>
Maintaining the system	<input type="text"/>
Protecting the environment	<input type="text"/>
Expanding travel options	<input type="text"/>

14. Rate the level of urgency you would give to each statement. *(Select the best choice.)*

Making sure the interstate system in Iowa works effectively:

	Not at all urgent (1)	(2)	Moderately urgent (3)	(4)	Extremely urgent (5)
Today	<input type="radio"/>				
The next 10 years	<input type="radio"/>				
The next 20 years	<input type="radio"/>				
Into the future (20+ years)	<input type="radio"/>				

15. Most of the rural interstate system has two lanes per travel direction. In your opinion, how much of a problem is not having three lanes per travel direction on the rural interstate system? *(Select the best choice.)*

	Not a problem at all (1)	(2)	A moderate problem (3)	(4)	A serious problem (5)
Level of problem	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>	<input type="radio"/>

CLOSING THOUGHTS AND COMMENTS

17. Using a letter grading scale (A, B, C, D, or F), how would you rate the interstate system in Iowa overall?

A B C D F

If you *DID NOT* respond "A," what changes would need to be made to improve the grade you gave?

18. What is your level of agreement with the following statements?

The State of Iowa has enough revenue to keep our transportation system:

	Strongly agree	Somewhat agree	Not sure	Somewhat disagree	Strongly disagree
Safe	<input type="radio"/>				
Properly maintained	<input type="radio"/>				
Meet transportation needs	<input type="radio"/>				

19. What changes or improvements to interstate transportation would impact you/your life in a positive way?

20. What changes or improvements to interstate transportation would impact you/your life in a negative way?
