Crimes rates at all-time low since recent tragedies

S endy kids, 10 children and seven adults murdered, plus eight injured. Police announced that they are investigating the shooting at the Aurora theater. During the theater shooting, 12 people were killed and 12 others were injured. The shooting caused a massive outpouring of grief and support for the victims and their families.

Society

Safe as we have ever been

With crime rates lower than ever, recent tragedies have made us to understand that we should be taking action, which may be an unanswerable question.

Entertainment

Films fail to match books’ grandeur

Movie studio borrow plots, rarely satisfy

A fnal look: The Great Gatsby

As a novel, The Great Gatsby is considered one of the classics in the classic canon. In the book, F. Scott Fitzgerald writes a story about Jay Gatsby, a rich man who is in love with the beautiful Daisy Buchanan. The story follows Gatsby as he tries to win back Daisy's love, but his efforts are thwarted by the obstacles in their way.

Failing to match grandeur

The movie version of The Great Gatsby is not without its merits, but it fails to capture the essence of the original novel. The screenplay is a condensation of the book, with the fnal result being a watered-down version of the original story. The casting is also a letdown, with many of the actors not being able to convey the depth of their characters.

Conclusion

In conclusion, while the movie version of The Great Gatsby is enjoyable, it falls short of the grandeur of the original novel. The fnal result is a watered-down version of the story, with the characters and their motivations not being fully captured. However, those who enjoy classic literature may still enjoy the movie for its visual spectacle and the overall fnal outcome.
TV: 'Go On'
By Nicki Zsuzsi

Hello, my name is Maia Zewert, and I am a "Reader" statistic. When I first heard the name "Go On," my mind instantly went to the show that ran for a few seasons on ABC. I am sure that many people feel the same way, which is why I was excited to learn that it was returning.

The show is about Will Chapman, a man who has lost his wife and is struggling to raise his two young sons on his own. He meets and starts dating Angie, who is also a widower. They both are trying to figure out how to move forward with their lives.

The show has been praised for its strong writing and characters. It's a great show to watch with your family or as a group of friends.

Movie: 'Big Wedding'
By Cady Zsuzsi

Just looking at the cover, I knew it would be a winner. It features one of my favorite stars, Jennifer Aniston. I was curious to see how she would perform in a role like this.

The movie is about a woman who discovers that her long-lost best friend is getting married. She flies to her friend's wedding and reconnects with old friends and memories.

While the movie isn't groundbreaking, it's a great way to spend an afternoon. It's bit of a rom-com, but it's definitely worth a watch.
Graduation is just around the corner and graduating students are preparing to get their caps, gowns and tassels. Some students will also be getting distinction cords or honors medallions. Here is a look at what this year’s graduates will be wearing.

Bachelor’s Degree

Students receiving their bachelor’s degree wear black robes with pointed sleeves. The tassels on their caps vary in color depending on the college from which they graduate.

- Agriculture and Life Sciences: Maize
- Business: Drab
- Design: Brown
- Engineering: Orange
- Human Sciences: Maroon
- Liberal Arts and Sciences – Bachelor of Arts or Liberal Sciences: White
- Liberal Arts and Sciences – Bachelor of Music: Pink
- Liberal Arts and Sciences – Bachelor of Science: Golden yellow
- Veterinary Medicine: Gray

The College of Veterinary Medicine also holds a white coat ceremony for new veterinary medicine students. This is in August at Stephens Auditorium. This ceremony shows the importance of entering the program. Students arrive in professional attire and can be coated by either a veterinarian of their choice or a faculty member.

With Distinction and Honors Program

If a student is graduating with distinction, he or she will receive either cardinal or gold cords, or both, according to his or her distinction.

- Summa Cum Laude (cumulative GPA of 3.9-plus): Cardinal and Gold
- Magna Cum Laude (cumulative GPA of 3.70-3.89): Gold
- Cum Laude (cumulative GPA of 3.5-3.69): Cardinal

Students graduating from the Honors Program receive a medallion. On the front of the medallion is an 'H' and it says “Iowa State University Honors Program.” The back of the medallion says “In Recognition of Outstanding Scholarly Achievement and Excellence.”

Master’s Degree and Doctor of Philosophy

Those receiving their master’s degree or doctorate wear black tassels. They may also be awarded for Teaching or Research Excellence and receive cardinal and gold cords for this.

In May 2008, Iowa State adopted their own custom gowns and hoods for those receiving their doctorate. Only these students wear hoods, which are dark blue on the outside and cardinal and gold on the inside. The gowns also have emblems on the front depicting the Campanile.
