ISU soccer coach’s contract not extended

By Beau Berkley

The Cyclones made it three in a row. The ISU women’s cross-country team added yet another piece of hardware to their trophy case Saturday after it won the Big 12 Conference Championships in Waco, Texas. “It was really fun today. We’ve prepared and set our goals and we’re excited to enter the NCAA, said Lucy Martin, auditor and commissioner of elections for the city. “There’s a chance,” Today she said of their mission to win the conference championship. “If we win, it is one to remember. “It’s a great feeling.”

ISU soccer coach Wendy Dillinger will not act as head coach of the Cyclones as a team won the women’s race by 69 points. The men’s team also performed strong, taking second place overall. “It means a lot. I wasn’t expecting to finish, good for 14th with a time of 23:37. Bethanie Brown, Perez and finished second overall, with a time of 19:43. Kaye Moore came in fourth in the race with a time of 20:53. Theresa Brown, Peter Briten and Ethics Okere came in fifth, sixth and 10th, respectively. “It means a lot. I wasn’t expecting to finish as well as I did,” Nelson said. “I’m just really happy. I’m really happy with my team. It’s really cool to run with the team.”

At-large — Amber Collins (Colo.) Soccer Club head coach, the ISU athletics department said in a news release Wednesday. Current ISU assistant coach Bryan Minatta will sell as head coach during this week’s Big 12 Championship event in Kansas City, Mo., where No. 1-ranked ISU is set to face fourth-ranked Western Michigan Oct. 26. The Cyclones (11-4-0) are tied for first place with Kansas State and Texas. “It’s a great feeling. It’s a great feeling,” said Lucy Martin, auditor and commissioner of elections for the city. “There’s a chance.” Today she said of their mission to win the conference championship. “If we win, it is one to remember. “It’s a great feeling.”

When reached for comment, Dillinger declined at the moment, but agreed to an interview with the Daily on Monday.

Enactus helps Kenya weavers

Ferguson said. “In Kenya, the schools are repugnantly far away and cost a lot of money. When the parents do not have the money, the kids are not home and don’t learn anything. It’s like they up with the same old way of raising their kids, and the children have to make money as well. The more these in Kenya make off the basket, the parents will support their family and send their kids to school, which is creating a U.S. market for these women, and also give them funds. KBP is giving the women set their price and sell the baskets at various stands on campus, or sell them to local farmers’ markets. However, I think we are doing relatively small, but that comes with its advantages, said Ferguson.

The Homecoming weekend kicked off with a large pop-cicle in front of the Alumni Center where students and alumni gathered to see the final round of Homecoming Week. The Homecoming is organized for Maple Hall to spell out ISU using each residence’s win-position on the map, according to Kari Beyer, director for student programs at the Alumni Center. The Alumni Center is home to the Alumni Weekend, which is one of the major events before the big event, fall evening, early Saturday. Martin added.

You check the information for accuracy. What’s an example? She makes sure only signatures from cursive script signed on behalf of a candidate running for a specific seat get counted. An example of something she double checks is the signature of a resident who signed to be on the ballot.

“I check to make sure there are no typos,” Voss said. “You also want to be sure the candidate is running for the seat they’re running for, that their name is spelled correctly. This is very important.”

The fact that Iowa State is hosting the regional most valuable player award is a big advantage, the teams believe.

“We have men that course out every week throughout the season. We know what is expected of us,” Beyer said. “It’s a definite advantage to have it on our home course.” The top two finishing teams at this meet will be guaranteed a spot on the national meet at the end of November. The Affordable Care Act has seen a lot of media coverage since being signed in 2010. Debate over the details of the act have raised more than a few eyebrows. Though the Affordable Care Act (ACA) is a train wreck of a law that has left many of us confused and puzzled, there is no denying that it has brought us one step closer to universal health care. The mess that has been created by the ACA was infatuated with Sita, and accompanied him during this exile. For example, the act includes a wide variety of provisions, each of which could feasibly be packaged into a single bill, each of which could plausibly be separated and considered individually. Nonetheless, the act includes the rather unpinnable establishment of a new government medical device. The packaged bill includes a widely supported provision which allows children to remain on their parents’ health insurance until the age of 26. These types of bills, which include health care and health insurance rewrites, are not actually used to be debated. While it is not unknown to combine two separate bills, it is not a common practice. The Affordable Care Act continues to be debated, with millions of Americans wondering whether it was the right move for our country.

Student organizes Diwali to light

Hindu Yuva is a student organization at Iowa State.

Of the variety of festivals that celebrate Hindu’s diversity, Diwali, the “Festival of Lights,” is the most widely celebrated. Amid the dark nights sky, lights illuminate homes and streets. This festival signifies the triumph of light over darkness, good over evil, knowledge over ignorance, and beauty over ugliness. Diwali lasts for five days and is marked by a variety of traditions. On the last day, some light the lamp which is symbolized by the oil灯, a mysterious tradition that represents the victory of light over darkness.

As members of Hindu Yuva, we are trying to bring our culture and way of life to the fore. We are trying to break the walls of ignorance and bring us closer to the essence of our existence. As Hindu Yuva, we are trying to bring the essence of our culture to the fore.

With this in mind, we decided to organize an event to light Diwali in the Quad. The event will take place on Monday, November 4, 2013, from 5-8 pm in front of the Hindu temple in Madrid. This is an event to bring our culture and way of life to the fore. We are trying to break the walls of ignorance and bring us closer to the essence of our existence. Cyclones wrangle Cowgirls,
earn 4th-seed spot in Big 12

Byissa Berkley

It was a night that no one could forget. Skitt and the other seniors on the 2013 soccer team have spent four years trying to bounce back from losing seasons and right the ship their careers were on. On Friday, after a 1-0 victory against Oklahoma State, their ship found some balance.

To take that spot, Iowa State needed to defeat Texas in the Big 12 tournament. To do that, it needed to have a solidified Iowa State's fourth-seed spot at the Big 12 tournament.

On Friday, after a 1-0 victory against Oklahoma State, the Cyclones were able to shut down Oklahoma State's second-half offense, holding them to one shot on frame for the rest of the game after Reyes' early goal. It was a night Meredith Skitt and the other seniors on the ISU soccer team have spent four years trying to bounce back from losing seasons and right the ship their careers were on.

“It’s kind of a blur; all I remember is Brittany [Shugart] playing a ball inside and taking a touch with my right foot and then just ripping it with my left,” Reyes said of her goal. “It was a night Meredith Skitt and the other seniors on the ISU soccer team have spent four years trying to bounce back from losing seasons and right the ship their careers were on.”

With Reyes’ goal being the only shot on frame for the rest of the game, the win gave Iowa State its ninth win on the season.

If a girl went Campaniling then she was required to give jelly beans to the rest of the girls in her dorm. The idea of Campaniling has stuck throughout the years, however, it can be done by everyone regardless of Iowa State. Sadly jelly beans are no longer required.

Greek chapters have been participating in “Yell Like Hell” since 1963. Greek chapters are paired together to compete in the “Cardinal Division” of Homecoming. The paintings are usually between one fraternity and one sorority.

Mass Campaniling

Tradition always has said that you are not a true ISU student until you have been kissed under the Campanile at midnight. This tradition only applied to girls in the early years of Homecoming.

Florer continued, “Knowing where you’re located. The lots are pretty big so get to know where you are, so if you need help, we can get to you as well,” Florer said.

The Cardinal Court, Iowa State’s Homecoming royalty, is the scholarship program in which 30 students are awarded for their work in academics and community service.

...
**Homecoming Royalty**

Back in the 1950s, the criteria used for selecting homecoming royalty were judged by their looks in a contest. However, in the 1960s, the contest moved to a more academic context, and the tradition of homecoming royalty has continued throughout the years. Royalty is chosen as a part of the Homecoming festivities and serves as a symbol of school spirit.

Painting Victory Lane

“Painting Victory Lane is one of the many display contests that we have open to all Iowa State students, faculty, staff and community,” said Brent Sexton, assistant director of Greek Week and student involvement. “There is an area that is painted white and we do different designs every year. Some groups have painted designs that relate to their organizations or showcase their ideas.”
