Cyclones pull off win in long, tense game

By Jeremiah Davis
\[iowastatedaily.com\]

Hotty Hoyts football minions three overtime periods and one broken Cy-Hawk trophy later, Iowa State left Jack Trice Stadium a winner against Iowa for the first time since 2001. The Cyclones took home the in-town trophy after a 44-41, triple-overtime win Friday.

"I don’t have words. I’m just scratching words very short, and each word,” Paul Rhoads said. "I had trouble in the locker room, and I had trouble right now, because of the fans that are inside me, but two teams out there.”

Iowa State overcame three turnovers and two missed field goals to beat Iowa in what was described by many as one of the best experiences of their football careers.

"This is the greatest game I’ve ever been a part of,” quarterback Steele Jantz said. "Because, for me, the gratification I get is how many people were affected by it, and how many people see me happy about it and how much it means.”

Jantz, who played a role in the Cyclone quarterback from California, made several plays in the final three minutes, setting up four touchdown games, with 279 yards on 20-of-37 passing. He and teammates Kelechi Osemele and Shontrelle Johnson led the Cyclones in a game they will be remembered for years to come.

A special thank you to the fans who made it to this game. You came together at the biggest game I’ve ever been involved in.”

Osemele, who had been battling a sprained ankle, reinjured it in the first quarter.

"This is hands down the greatest game I’ve ever been involved in,” Osemele said. "You never see the whole way it was going. You don’t really feel like that too often.”

Osemele, who has been battling a sprained ankle for the last quarter, said Iowa’s defense was outstanding.

“Tubbs” pounced an Iowa lineman onto the field, and said “there was no way I was staying out” after the injury.

Johnson, who rushed for 106 yards on 10 carries, felt a sigh of relief after he fumbled with 9:34 left in the second quarter as the Hawkeyes were driving.

“Tubbs also improved the emotion that it was the greatest win he has ever been a part of,” Osemele said. "Tubbs was definitely a real-talker and it was definitely a right fight.”

Iowa State University Cyclone Football “Varsity” Mascot Band played the national anthem to start the ceremony.

9/11 vigil remembers past decade

By Lea Petersen
\[iowastatedaily.com\]

Three thousand tiny American flags representing each person who gave their life in the attack stood side-by-side, surrounding the pathways of Central Campus last night for Iowa State University’s 11th Decade of Remembrance.

Patriotic music played to a slideshow of the iconic images taken or shared by community members and posted filtered in to remember Sept. 11, 2002. White candles were passed out to all in attendance to light at the end of the ceremony.

"My dad is in the Army and my fiance is in the Air Force (USMC),” Ankara said. "Central Campus is a great place to honor those who gave their lives in the attack. Because it is a central plaza on campus, it is encouraging for both students and community members.”

The Iowa State University Cyclone Football "Varsity" Marching Band played the national anthem to start the ceremony.

Vigil.

Dr. Rod Rebark, assistant vice president of academic affairs for the University of Iowa, turned the lights on
by saying, “I hope that you always remember the acts of heroism of 9/11.”

Sea Jack Whitten recalled that he was preparing for the big Iowa-Iowa State game the week of 9/11. He shared
that “it is a much higher world, than the big game. On Sept. 11, there were no Democrats, no Republicans. We were
Americans.”

Craig Bargfrede, commended all the students who shared
their personal experiences with the audience.

“The events changed our country. Sept. 11 broadened our lives and ourselves,” Bargfrede
said. “I believe that what
shocked us the most was that
our way of life was attacked.”

He explained that our way
of life that allows us to have dif-
ferent religions and freedoms of speech and association.

Bargfrede closed by asking, “Let us promise to never forget and to remain true to freedom and democracy.”

The program ended in a
silent remembrance.

Students held silent candles and followed the American flag path through Central Campus as taps was
played.

Football win teaches how to compete

Today the Daily congratulates the members of the ISU football team for their win Saturday. The 44-41 victory in triple overtime — the first overtime win in school history — and Hakeem Tuel's football 50-yard span — was truly inspiring.

The last time Iowa State won against Iowa was in 2007. We did so without setting foot in the end zone, because wekick the impressive five field goals. This time, our offense was able to finish its drives with touchdowns by outmaneuvering, outpassing, and outmatching the play their defensive line offered.

We can all take a lesson away from Saturday's game. Our economy may not be growing, our unemployment may be stagnating, some may find it harder to get a job, and voters might be tired of hearing the same antibusiness, antipolitician rhetoric.

But rather kicking an impressive five field goals just doesn't feel the same as earning six well-executed touchdowns. Kicking a football around a black and gold limousine doesn't deliver the same effect as scoring six touchdowns by outmaneuvering, outpassing, and outmatching the play their defensive line offered.

In an attempt to gather some information as possible in as quick a fashion as possible, the producers and White Lion did find that any available individuals they captured in Afghanistan and other areas where they would be locked up illegally.

Football win teaches how to compete with those people that try to get the better of us, if we give the struggle our best effort, we can win.

Victory requires action. It is not enough to suffer the slings of arrow and the darts of calorific analysis only. The state of a foul can be ended by taking up arms against them, by opposing them. Franklin would put it another way: it is better to choose to die a thousand times than to prefer the safer road.

Iowa State is a university. We learn here. Our campus is where creative ideas are born and experi- cies run experiments with new, bold, not only to study the profile of unemployment rates, but also to provide a comprehensive picture of the job market for students.

**Jantz learns from mistakes to overcome losses in triple overtime**

By Jake Calahan

Iowa State took a big step in a team building-in-state rivalry for the first time since 2007.

Until that step that happened, however, 2011 player running back James White first needed to take 23 steps from the center line to the goal line.

The ball came to life on the 35-yard line, given by a 54-yard kickoff by Iowa goalkeeper T.J. L. Jones. White was deemed academically eligible, was charged with public intoxication.

White was on the list of the best players in the country.

He definitely showed what he could do. He definitely played his team's third game of the season.

Flaska leads way for Iowa State in win

By Cory Weaver

Iowa State football head coach Paul Rhoads was the best win he's been a part of as coach at Iowa State, according to senior quarterback Steele Jantz.

"It's the best win I've ever been a part of," Jantz said Tuesday. "It really is. It's not even close. It's the best win I've ever been a part of as coach at Iowa State, and I've been a part of a lot of wins, the last thing you want to do is ever say that in the middle of the season."

"It was the best win he's been a part of," Rhoads said. "I've been on a three-game losing streak before, so it's nice to be on the other end of it."

Rhoads has notched three straight wins over his first four seasons at Iowa State, which the Cyclones (3-1, 0-1 Big 12) defeated Texas Tech (1-4, 0-2 Big 12) 26-23 in overtime Saturday.

"I didn't think we were that much of a good team," Rhoads said. "So to be 3-1 right now is a big deal."

The win came after a 17-0 run by Iowa State, which started with a 14-play, 80-yard drive that ended with a 3-yard TD pass from Jantz to freshman wide receiver Allen Lazard.

"We had to fight," Jantz said. "We'd been struggling a little bit with our offense. But we had to fight and make some adjustments to answer back with a heck of a football game today."

Players also took to Twitter Sunday to thank fans and to clear the ball out of the box to help Iowa State win.

"That jet tempo, those red-zone penalties, those categories had it all," Jantz said. "I thought they just made it happen. That's why it made it happen."

"We were very disciplined and hungry for the ball and that's the Offensive line and the QBs and the defense, all the front lines of the defense, they cleared the ball out of the box to help.

Iowa State receiver Allen Lazard said he had his first career shutout Saturday in his first game without a punt return, a kick return or a fumble return.

"I didn't think this was going to be the last thing on my mind," Lazard said. "I just thought we were going to win, but it was a big win."

"I've been a part of a lot of wins," Lazard said. "I've been a part of three wins in a row, and against a team that's tough."

"We ran hard, held up on our own. The ground and whatnot," Jantz said. "I didn't think it was going to be the last thing on my mind to clear the ball out of the box to help."

Iowa State quarterback Steele Jantz finished 25-of-41 for 321 yards and three touchdowns.

No. 17 Cyclones return to action versus North Dakota State

By Deaun Borzert-Goll

Iowa State volleyball remained undefeated after a trip to Paris, N.D., having played and won matches against North Dakota State (25-20, 25-14, 25-21) and one on Saturday against Loyola-Chicago that afternoon at the hotel.

"This is a school that's been that No. 17, individual likes to string together and they're after the mark of the 1997 team that made it to 16-0," senior outside hitter Carley Jenson said.

"They have a really tough team. They're tough on the court."

Nearly the exact same play happened at the end of the game. Iowa State's Wave of Blue again did some sort of a star for Iowa State.

"We got challenged, we made mistakes, but we've had that before. We're used to playing together as a team," senior setter Ashley McLaughlin said.

Junior middle blocker Jolene Hartman added, "It's just a team effort and we were just very disciplined."

Iowa State setter Ashley McLaughlin said the team played well above their expectations.

"They did a great job and we're disappointed," Jantz said. "Their offense was what made it happen."

"I kind of was surprised that their offense was what made it happen," Jantz said. "They didn't make many mistakes and we did."n

Senior setter Emily Hejlik saw the game as well.

"It was good for us," Hejlik said. "The Cyclone nation showed up to help share in the victory, visit www.isusports.com.

Fans could decorate the objects with concepts to be sent to local police, fire and EMS stations.

A member of the Ames Police Department, Ames Fire Department and two volunteer firefighters were honored as the honorary captains of the police department and fire department, as the red-shirted colors for the police are red, white and blue.

Iowa State will travel to Cedar Falls this Thursday to continue the series at North Dakota State. North Dakota State allows as it will take on state rival No. 14 North Dakota Friday night.

Iowa State played the match 12-2 at the Mid-Continent Center.
Students rally for Cy-Hawk game at Beat Iowa Bash

By Katelyn Warneck
kwarneck@iowastatedaily.com

“Contestants are you ready? Open your mouth... Get ready? Open your milk...”

Ten ambitious athletes, including Jordan Wright, senior in aerospace engineering, held up their plates after winning the wing-eating contest at the Beat Iowa Bash at Frederiksen Court on Friday.

“After a speech from welders and engineers, such as Kevin Jackson, the president of the Government of the Student Body, said with a few good-natured sarcasm: ‘This didn’t actually happen. I’m actually experiencing it right now. I’m actually feeling it. It’s all on me, but being part of the band makes it awesome.~’”

The wing-eating contest was one of several events that happened during the Beat Iowa Bash at Frederiksen Court on Friday. This event also included a dunk tank, car washing and a scavenger hunt.

The junior typography major and Cy-hawk weekend member, Jordan Wright, after winning a race and this seemed like a good way to spend a Friday night, “I just thought it was such a fun event. I really like the Cy-hawk weekend.”

The wing-eating contest was just one of the many activities during the Beat Iowa Bash at Frederiksen Court on Friday. Students try to put on frozen T-shirts for a frozen T-shirt contest, one of many events during the Beat Iowa Bash at Frederiksen Court on Friday.

Three new, local apps make big splash

By Sarah Binder and Mackenzie Nading

With new apps and businesses launching every day, startups have become a fact of life for the Midwestern tech scene.

"The key to the success of these startups is variety," said Tim Zagat, who launched the company that became Zagat in 1979. "With new apps and businesses launching every day, startups have become a fact of life for the Midwestern tech scene.

"The key to the success of these startups is variety," said Tim Zagat, who launched the company that became Zagat in 1979. "Without variety, it becomes a struggle to find a place to put your business." Zagat, who will speak at the 2013 Techweek event on May 10, said the key to success is having a clear understanding of your target market.
