FEATURED STUDENT

This issue marks the retirement of Editor Alan Raun. Al, a senior, graduates in June. In addition to his duties as editor of the Iowa State College Veterinarian he has found time for many other college activities and personal ventures. He is a member of the 1951 Veishea Central Committee, Director of Competitive Shows and president of the Bomb Publication Board. During his tenure as editor he also served as chairman of the Iowa State College Veterinarian Publication Board.

Alan is a member of the A.G.R. fraternity and the I.S.C. Junior Chapter of the A.V.M.A., which he represented at the National A.V.M.A. Meeting in Miami Beach, Florida this past summer.

In addition to the foregoing, Al found time to train and show an American Saddle mare on the show circuit this past summer and has run a small boarding stable to augment the family income during these college years.

In closing, we of the staff of the Iowa State College Veterinarian would like to say thanks to Al for a job well done.

++

BIRTHS

A new son, David Alan, was born to Mr. and Mrs. Lemanski on Feb. 4 at Mary Greeley Hospital.

++

MARRIAGES

Noel F. Bevins to Miss Lois M. Keister at Coon Rapids, Iowa on Dec. 20, 1950. Mr. Bevins is a third-year veterinary student.

++

When supplemented alone the synthetic vitamins, vitamin-B12, streptomycin, and aureomycin, each produced a favorable affect on growth. Greatest response was from vitamin-B12. Highest gains were achieved when the vitamins and vitamin-B12 were fed in combination with streptomycin or aureomycin.

++

Poultry constitutes the greatest reservoir of Salmonella infection in the United States. Investigation has disclosed an alarming incidence of salmonellosis in frozen, ready-to-cook poultry.
