Paradox

Margret Wallace

Abstract

What is time Or space? Where is nor tit, Which is south?...
Paradox
Margret Wallace

What is time
Or space?
Where is north,
Which is south?

What does it matter
When your eyes are closed
Against the world
And the music
Pulls you along in his arms,
And his hand is long and strong on your back?
And his cheek is soft against yours?

You move together
And your shadows are
One.
Is this the man who has killed?
Who has felt death closing in with the darkness?

You wonder
And your shadows are
One.
