Weather Forces Annual Affair Inside

At the ticket counter just inside the door: George Burgermeister behind the counter; Dr. and Mrs. J. Graca of Ames; Dr. and Mrs. G. H. Gitz of Clarion.

The annual veterinary alumni festivities for 1957 began at a luncheon in the Quadrangle. Cold, cloudy weather kept the number served by the student wives down to approximately 300 alumni, faculty members, and students. The weather was so cold that renewing acquaintances with old friends and classmates was done within the confines of the Veterinary Quadrangle buildings. Following dinner the alumni adjourned to the football game where they were all seated together. They were treated to a very close and interested homecoming game between Iowa State College and Kansas State College.
Below: Coming in the door, Dr. and Mrs. R. T. Howard and son of Kanawha, Iowa.

Above: The guests were served in the administration building hallway by the Jr. AVMA Auxiliary.

The alumni and their families ate in the classrooms and labs. First row: Richard Collins; Dr. F. K. Ramsey. Second row: Dr. and Mrs. Gene Lloyd of Essex, Iowa; Dr. and Mrs. Alex Hoag of Coin, Iowa. Third row: Mrs. H. G. Voetberg of Garner, Iowa; Mrs. C. R. Collins of Dixon, Ill.; Mrs. J. R. Collins of Ames. Fourth row: Mrs. N. E. Brear of Garner. Last row: Dr. H. G. Voetberg and Mr. N. E. Brear of Garner.
Class of '57

Dr. D. W. Allgood lives at 2535 Mt. Pleasant St., Burlington, Iowa. He is in general practice on his own and will move into his new clinic on January 1st.

Dr. Cecil D. Behunin is at home at 420 S. Butte, Willows, Calif. He is working in the Federal Government's Animal Disease Eradication Branch. Dr. Buhunin was married November 5, 1957, to Janice Price of Gridley, Calif.

Dr. Richard L. Campbell lives at 609 1st St. W., Independence, Iowa. He is in partnership with Dr. V. A. Grant in a large animal practice.

Dr. J. W. Carberry is alone in a mixed practice at Mapleton, Iowa. Dr. and Mrs. Carberry were the parents of a daughter, Susan Marie, born August 11, 1957.

Dr. Jack DeVries resides at 103 E. Arnold Road, Sandwich, Ill. He is in partnership with Dr. Armand A. Legner in a general practice. They are planning a hospital to be built in the spring.

Dr. D. T. Drees lives in Mt. Pleasant, Iowa. He is associated in a mixed practice with Dr. J. N. Hunt.

Dr. Donald A. Dreessen lives on R. R. 2, La Crosse, Wis. He is in a general practice.

Dr. Bruce H. Ewald is at home at 2224 11th Ave., Moline, Ill. He assists Dr. Ralph Ruggles in his small animal practice. Dr. Ewald was married June 22, 1957, to Carolyn Alford in Dayton, Ohio.

Dr. Kenneth O. Fertig is serving with the armed forces. He is stationed at Fort Carson, Colo.

Dr. Emmert W. Hansen, Box 281, Salem, S. D., is in a general practice.

Dr. Rulan S. Hansen resides at 303 Riverview Drive, Decorah, Iowa. He is in a mixed practice with Drs. Robert Overland and Donald Moore.

Dr. R. F. Harker is in a general practice at Kewanee, Ill.

Dr. John R. Harman lives at 115 South Railway, Austin, Minn. He is associated in a general practice with Dr. Karl Knaeche.

Dr. Stanley E. Held, Box 203, Maple Plain, Minn., is an instructor at the University of Minnesota.

Dr. Halstead Holst is associated in a general practice with Dr. C. L. Clark at Orion, Iowa. The Holst's were the parents of a son, Grant Perry, born July 15, 1957.

Dr. Richard I. Houck is in a general practice at Juneau, Wis. He is in association with Dr. Robert E. Strous.

Dr. Robert F. Huspen lives in Lomira, Wis. He is in partnership in a general practice with Dr. Willard J. Schultz. Besides facilities in Lomira, they have an office in Brownsville, Wis.

Dr. Marlin K. Jacobsen is in a general practice at Victor, Iowa. He is associated with Dr. G. W. Rieke, '39.

Dr. Harris H. Jorgensen has a general practice at Earlville, Iowa.

Dr. J. R. Kennedy lives at 818 So. Dubuque, Iowa City, Iowa. He is in a general practice with Dr. Lang, '44.

Dr. Joseph H. Krichel, Jr. lives at 1902 Main St., Keokuk, Iowa. He is in a mixed practice with Dr. J. H. Krichel, Sr. They are building an addition to their small animal hospital.
Dr. Lawrence Lacey lives at 939 Main St., Crete, Ill. He has been in association with Dr. R. A. Burnham in a predominantly small animal practice since Oct. 9, 1957.

Dr. Merle Lane, Jr. is in a mixed practice at Sigourney, Iowa.

Dr. R. L. Larson, Box 53, Greenville, Iowa, is in partnership with his father, Dr. L. W. Larson. They have a mixed practice with offices in Spencer and Greenville.

Dr. Paul O. Leonard resides at 1169 Scott Ave., Winnetka, Ill. He is associated with Dr. R. Glover, Dr. C. H. Armstrong, and Dr. Fremanis in a small animal practice. The Leonard’s were the parents of a son, Michael Andrew, on June 30, 1957.

Dr. Jack D. McDowell lives on Rt. 1, Box 226, Elsinore, Calif. He is in a mixed practice and has a small animal hospital.

Dr. Roy McGraw lives in Creston, Iowa. He is associated with Dr. L. R. Edrington and Dr. J. P. Stream in a general practice at the Creston Veterinary Clinic.

Dr. Kenneth B. Meyer is in a mixed practice in Cozad, Neb. He is associated with Dr. H. H. Mitchell and they have a clinic.

Dr. Roger Waller is associated with Dr. A. J. Nelson at Nashua, Iowa. They have a mixed practice with a small animal hospital. The Waller’s were the parents of a daughter, Cynthia Marie, born June 28, 1957.

Dr. Garret Zoet, Box 22, Pecatonica, Ill., is associated in a general practice with Dr. J. K. Johnson, '55.

Dr. Franklin H. Dierenfeld is in general practice in Deep River, Iowa. He is associated with Dr. L. W. Cook of Montezuma, Iowa. A son, Mark Jerome, was born to the Dierenfeld’s on Oct. 24, 1957.

Dr. Raymond L. Morter is located at Michigan State University, East Lansing, Mich. He is doing research and graduate study in the Department of Microbiology and Public Health.

Dr. Laurnie W. Nelson has a general practice at Lancaster, Mo. He was married June 29, 1957, to Margaret Alice Marshall.

Dr. Chester Charles Rasmussen lives at 2126 Haste St., Berkeley 4, Calif. He is working for Dr. James W. Roberts and is associated with Dr. H. H. Schwab and Dr. G. K. Cooke.

Dr. Gilbert Samuelson lives at 422 E. Peru St., Princeton, Ill. He is in a general practice.

Dr. Jack L. Scott lives at 240 A Waltham St., Hammond, Ind. He has an equine practice and is temporarily in Ohio during the current racing season.

Dr. Ralph Schwartz has a general practice in Bloomington, Wis. He was married June 16, 1957, to Audrey Bentall.

Dr. Roger L. Siegert has a general practice at Plymouth, Wis.

Dr. Arvin Steckelberg is associated with Dr. R. C. Mossman at Dysart, Iowa.

Dr. Richard L. Stride is located at the School of Veterinary Medicine, University of Pennsylvania, Philadelphia, Penn. He is a resident in Small Animal Medicine and Surgery.

Dr. David E. Tyler lives at 2727 Vinton, Lafayette, Ind. He is an instructor at Purdue University and is also working on his masters degree.

Dr. Samuel James Vainisi lives at 1544 S. Wisconsin, Berwyn, Ill. He is an associate in practice at the Berwyn Animal Hospital. He was married Sept. 21, 1957, to Miss Doris Stalsport.
Dr. Don Fertig, R. R. I., West Des Moines, Iowa, has a general practice with a small animal hospital.

Dr. R. D. Van Marel is located at 1100 E. 10th St., Sioux Falls, S. D. He is associated with Dr. J. O. Buck in a general practice.

Dr. Dave Van Sickle is associated in a general practice with Dr. R. P. Swingley at Shannon, Ill.

Dr. Tom K. Spencer, 1364 Coolidge Avenue, Pasadena 8, Calif., is in a small animal practice.

We Salute

Dr. F. A. Scott retired as a federal meat inspector on July 31, 1957. When he did so, he established a record for having served the longest of any federal veterinarian in one place. Dr. Scott entered the federal meat inspection service December 11, 1911, and was stationed at Armour and Company, Chicago, Ill. He was transferred on July 12, 1912, to the George A. Hormel and Company, Austin, Minnesota, where he served without interruption for 45 years and two days, until July 31, 1957.

Dr. Scott was born on a farm, two miles west of Iowa State College, July 13, 1887. He attended rural school, Ames High School, and was graduated from Iowa State College with a degree of Doctor of Veterinary Medicine in 1911. He was married to Olla VanDuzer of Ames on June 14, 1911, and immediately started practice at Grand Junction, Iowa, where he remained until he entered the federal meat inspection service. Dr. Scott has two daughters, four grandchildren, and one great grandchild.

Dr. Scott is very active in choral groups, one of which sang over station KATE, Austin, Minn. He also is an avid sports fan and was the Southern Minnesota Checker Champion in 1943 and placed second in 1944.

Dr. Scott plans to remain at 1212 Eberhart Drive in Austin and take trips from time to time as he desires.

VETERINARY MEDICAL ALUMNI MEET IN JANUARY

Secretary-Treasurer H. D. Bergman, ’10 has requested an announcement be made that a luncheon meeting of I.S.C. Veterinary Medical Alumni will be held from 12:00 noon to 1:30 p.m., Tuesday, January 14, in the Wedgewood Room of the Hotel Fort Des Moines. Included will be the annual business meeting of the alumni association and a guest speaker, probably a prominent coach from the I.S.C. athletic staff. Inquiry concerning reservations and ticket details may be made at the state association registration desk on Tuesday morning.
Dr. Hayes Memorial Gives Benches

At the dedication ceremony, left to right: Dean I. A. Merchant; Mr. Ray Cunningham; Mr. Doug Graves.

Five sturdy Georgian marble benches which cost $1100.00 were placed in the courtyard of the Veterinary Quadrangle; they are arranged in a rectangle with an open side facing the famous statue of a veterinary student holding a dog in his arms and the well-known sculpturing on the wall, both done by Christian Petersen. "IN MEMORIAM—DR. ISAAC 'IKE' HAYES. 1937" is carved into one of the benches.

The reasons for the memorial, the type of memorial, and the site were brought out in the dedication ceremony during Homecoming, Oct. 26, 1957. Dean I. A. Merchant presided, introduced the speakers, and accepted the benches in behalf of the Division of Veterinary Medicine. He said that the site is very appropriate in that the benches face the statue of a veterinary student protectively holding a dog as this student could very well be representing Dr. Hayes, because of the

The memorial benches provide an area of fellowship for students to gather.
fondness and very humane attitude that Dr. Hayes had toward animals. The benches were purchased by the Dr. Issac "Ike" Hayes Memorial Fund which was started by his community, Waterloo, Iowa, primarily for a loan fund for veterinary students, but also for this appropriate memorial. Many alumni have since added to this fund which serves to continue the work that "Ike" did in aiding veterinary students. His complete library which is now in the ISC Veterinary Medical Library serves further to continue his assistance to students.

Speaking at the dedication ceremony, Mr. Doug Graves, national president of the ISC Alumni Association, presented the benches and expressed the desire for alumni to continue to support the "Ike" Hayes Memorial Loan Fund. Alumni contributions may be sent with the designation that they be added to this fund, which is presently being used to financially assist many students of veterinary medicine.

Mr. Ray Cunningham, formerly of the campus YMCA and now a member of the Iowa General Assembly, praised Dr. Hayes as a man and veterinarian, emphasizing Dr. Hayes' attribute of instilling confidence in all whom he associated with. Mr. Cunningham hopes that the benches will provide an area of fellowship for veterinary students to gather, come to know one another better, and talk things over; and this seems to be the main reason for this type of memorial.

Dr. Issac Hayes died suddenly on Jan. 25, 1955. Born April 5, 1911, at Clifton, Ohio, he received his D.V.M. degree at Iowa State College in 1937 and shortly after established a general practice in Waterloo. Later he confined his activities to equine and small animal practice; his work with horses was well-known. He was one of the all-time Cyclone greats in football and was team captain in 1935 when he received All-American mention. To all that knew him he was "All-American" as a man and as a veterinarian.

BIRTHS AND MARRIAGES

Dr. Dennis Carr, '56 was married on June 29, 1957, to Mariln Fisher, a 1955 graduate of Iowa State College. Dr. Carr practices at Montford, Wis.

Dr. and Mrs. C. R. Demming, '52 of St. Joseph, Mo., are the parents of a son, Loren Dale, born on April 20, 1957.

Dr. and Mrs. B. L. Wright, '52 of Lorimor, Iowa, became the parents of a daughter, Barbara Ann, on April 22, 1957.

Dr. and Mrs. R. S. Boyer, '53 were the parents of a daughter, Katherine, born on April 29, 1957. The Boyer's live in Keosauqua, Iowa.

Dr. and Mrs. Rex Jones, '56 of Moorehead, Iowa, are the parents of a daughter, Lynn Mari, born on May 17, 1957.

Dr. and Mrs. H. A. Petersen, '54 of Alexis, Ill., on April 7, 1957, became the parents of a daughter, Julie Ann.

Dr. and Mrs. W. F. Chapin, '44 of Lena, Ill., on April 12, 1957, became the parents of a daughter, Becky Lee.

1911-1955
We Salute

Dr. Samuel H. McNutt

Dr. McNutt's main interest has been the pathology of the diseases of domestic animals, especially the diseases of reproduction. His study of brucellosis began in 1919 and has continued, sometimes sporadically, since. The primary emphasis has been on the bovine, however, the epidemiology and epizootiology of the disease has been studied in various species of animals and also in man.

Because brucellosis is a disease that results in infertility in cattle, Dr. McNutt did considerable work on other diseases interfering with reproduction. He was the first to discover Trichomonas fetus in Iowa and one of the first to discover the infection in the U.S.A. He also helped demonstrate that Vibrio fetus was a venereal disease and is responsible for a part of the repeat breeding in cattle.

Amidst his research on reproduction, Dr. McNutt took time off to study the unidentified encephalitides of cattle and was the first to recognize the disease, sporadic bovine encephalomyelitis, which is caused by a psittacosis-like organism.

His work on swine led him to discover viruses that cause small pig pneumonia other than the swine influenza virus and that pleuropneumonia-like organisms were a cause of arthritis and polyserositis.

More recently at the University of Wisconsin he has, in association with others, demonstrated more clearly the uses and functions of progesterone in cattle. They have shown the need for progesterone in maintaining pregnancy, its effect on the placenta, its effect on the uterus and the fact that it renders the uterus more susceptible to infection. The normal histology of the uterus and oviducts throughout the estrous cycle has been worked out so that the abnormal can be recognized.

Dr. McNutt has written over 60 individual articles in scientific journals or chapters in scientific books. He is chair-

Iowa State College Veterinarian

At the annual meeting of the A.V.M.A. in Columbus, Ohio, August 19-23, 1957, Dr. Samuel H. McNutt was awarded the annual Borden Award for outstanding research contributing to the control of dairy cattle disease. This is fitting tribute to a man who has made many contributions to veterinary medicine during the 40 years he has spent in research. For these contributions we wish to honor Dr. McNutt.

Dr. McNutt was born July 15, 1892, at Algona, Iowa. He received his D.V.M. from Iowa State College in 1917. After graduation, he stayed at Iowa State as an assistant in veterinary pathology. In 1920, he accepted a position in Veterinary Research also at Iowa State, becoming a professor in that department in 1939. In 1946 he accepted his present position at the University of Wisconsin as a professor of veterinary science.

Iowa State College Veterinarian
man of the sub-committee on research of the National Brucellosis Committee and also chairman of the sub-committee on hog cholera publications of the U.S. Livestock Sanitary Association. He is a member of many scientific organizations and holds membership in Phi Kappa Phi, Sigma Xi, Phi Zeta, and Gamma Alpha.

Dr. McNutt has made an even greater contribution to the livestock industry through the training of graduate students in the biological sciences. Indirectly, his investment of time and effort in American youth will be felt many years into the future through their continuing work.

In 1917 Dr. McNutt married Miss Adeline Boutang. They have a son, Franklin, an architect in Carmel, Calif., and a daughter, Mary, a nurse at Veterans Hospital in Madison, Wis. Dr. McNutt also has a brother, Dr. George McNutt, '17, a small animal practitioner in Seattle, Wash.

Dr. G. R. Held, '56 formerly associated with Dr. L. C. Swain at Wellman, Iowa, has now located at Le Mars, Iowa.

Dr. W. B. Redman, '56 has located in Rock Valley, Iowa. He previously had been practicing at Carson, Iowa.

Dr. D. D. Wert, '56 has located in Ireton, Iowa. He formerly was associated in practice with Dr. R. W. Brown of Storm Lake, Iowa.

Dr. B. F. Ward, '38 is now associated in practice with Dr. L. N. Atkinson of Kirkwood, Mo. Dr. Ward formerly practiced at Alton, Ill.

**Featured Hospital**

**MIDDLETON VETERINARY HOSPITAL**

This modern veterinary hospital, owned by Dr. A. M. McDermid, '39, and Dr. Paul O. Nees, '55, is located at the north edge of Middleton, Wis. It has 47 kennels in four units and two large animal pens. There is a waiting room, examination room, laboratory, x-ray room, and a private office. Garage space for two cars is provided.
DEATHS

Dr. Robert S. Tillie, '16, died on April 26, 1957. He had practiced in Muscatine, Iowa, since his graduation from Iowa State College.

Dr. L. P. Sterling, '19, died August 1, 1957. He had practiced in Zearing, Iowa, until 1953.

Dr. M. I. Brown, '23, died July 1, 1957. He had practiced in Perry, Iowa, since graduation from Iowa State College.

Dr. W. M. McLeod, '17, passed away suddenly May 6, 1957, as the result of a heart attack. He was head of the Department of Anatomy at Kansas State College. He served as a first lieutenant in World War I, and he joined the staff of Kansas State College in 1919. He is survived by his widow and three married daughters.

Dr. Ben Anderson, '25, of Ruthton, Minn., died on April 2, 1957.

NOTICE

The Department of Surgery and Medicine of the Division of Veterinary Medicine has become interested in the problem of stagnation edema as it affects fattening cattle in Iowa feed lots. Veterinarians who see this condition are requested to communicate with Dr. W. H. Chivers, Veterinary Clinic, Ames, Iowa.

I.V.M.A. MEETING
JAN. 14-16
DES MOINES, IOWA

The article on the veterinary library in the student section should be of interest to all alumni.

HOMECOMING SCENE

Being served at the homecoming luncheon are: Dr. R. E. Gray, Radcliff, Iowa; Dr. R. Houck, Juneau, Wis.; Dr. and Mrs. H. Holst, Orion, Ill.
