Phenylbutazone—T. P. Greiner

This drug is an antiphlogistic and has been successfully used in treating various lamenesses in large and small animals. The drug acts by diminishing capillary permeability, and inhibiting fibroblastic activity and formation of granulation tissue. The drug is extremely safe, except when used for prolonged therapy. The recommended dose is 1 gm/250 lbs. One report claimed that phenylbutazone was a more effective antiphlogistic than cortisone or ACTH.
Dr. Forrest E. Brutsman has joined the staff of Merck Chemical Division’s Feed Products Department as a technical specialist.

Past president of the Iowa Veterinary Medical Association, and a former officer of a number of other Iowa veterinary medical organizations, Doctor Brutsman will have headquarters at Merck’s St. Louis office. He will provide technical assistance to the company’s customers in the Midwest.

A graduate of the College of Veterinary Medicine, Iowa State University, Doctor Brutsman is President of the Iowa State Veterinary Medical Alumni Association. He maintained a private practice in Traer, Iowa, and was mayor of that city for eight years.

He was appointed to the State of Iowa Board of Medical Examiners and is a past president of both the Eastern Iowa Veterinary Medical Association, Cedar Rapids, and the Cedar Valley Veterinary Association, Waterloo.

Doctor Brutsman’s office will be at 4545 Oleatha Ave., St. Louis.

Minutes of the Executive Board Meeting

The Executive Board of the Iowa State University Veterinary Medical Alumni Association met at 10:00 a.m. October 10, 1964, in the Dean’s Conference Room of the College of Veterinary Medicine. Members present were Dr. Lloyd L. Bates, Dr. R. E. Shirbroun, and Dr. Durwood L. Baker. Members absent were Dr. T. F. Bartley and Dr. H. D. McCreedy.

Matters discussed:

1. A nominating committee was appointed to nominate a slate of officers of the Association for the coming year. The appointed committee members were Dr. R. A. Packer, Dr. M. E. Macheak, and Dr. C. D. Lee.

2. An auditing committee was appointed to examine the Association’s financial status. Members appointed were Dr. C. D. Van Houweling and Dr. J. K. Burt.

3. Expressions of appreciation received from the following students in recognition of alumni awards made at the Honor and Awards meeting of the Iowa State University Student Chapter of the A.V.M.A. in May, 1964, were reviewed.

   Student
   Leland Velicer
   Keith Prasse
   Richard Schwabe
   Arthur Lage

4. The following awards were approved for disbursement next May at the Honors and Awards meeting of the Student Chapter:

   George Judisch Award
   Dr. H. D. Bergman Award
   Dr. I. A. Merchant Award
   Capt. Burton Thomsen Award

5. Received and reviewed a report of expenditures for 1964 from the Veterinary Medical Student Reading Room Committee.
6. The Executive Board approved a $200 grant to the Veterinary Medical Student Reading Room Committee. This money was designated primarily for purchase of books for the reading room, an Alumni Association and student supported endeavor.

7. Arrangements for the annual luncheon in Des Moines were discussed and tentative speakers considered. The meeting adjourned at 11:45.

Durwood L. Baker, Secretary-Treasurer

Alumni Homecoming

The Homecoming Veterinary Alumni Luncheon was held on October 17, 1964, in the Veterinary Quadrangle. Approximately three hundred guest alumni were served at the luncheon. Approximately one hundred and seventy alums requested reservations for the Homecoming Football Game. It was splendid football weather and the luncheon was a fine opportunity to renew old acquaintances. We would like to express special thanks to the Student Chapter Auxiliary for their assistance in serving at the luncheon.

Important Message

For those who are keeping the I.S.U. Veterinarian in bound form, and therefore are conscious of the volume and issue numbers, we wish to correct an error in the 1964 winter issue. This issue was incorrectly labeled Volume 27, number two; it should have been Volume 26, number two.

Our fiscal year has run from September 1st to September 1st. Beginning this January it will change to run from January 1st to January 1st. This necessitates a change in our volume numbering to coincide with our fiscal year. Therefore the next issue will be Volume 27, number 1.
