Christmas Party

The annual Christmas Party of the I.S.U. Student Chapter of the A.V.M.A. was held on December 14, 1966, in the Sun Room of the Memorial Union. Attending the party were instructors, students, their wives, and children. The party was the responsibility of the Junior Class. Rex Wilhelm and Ken Weston were the co-chairmen.

Door prizes were donated by pharmaceutical companies, publishers, and other individuals and companies associated with veterinary medicine and the student chapter.

Entertainment consisted of several songs by soloist Pat Alford and group participation which was led by Dr. Burt. Cartoons were shown for the children.

At the conclusion of the evening, Santa made his annual visit and had treats for the children.

Display Project

Dennis Hoeft, V.M. 3, has finished a project instigated by Dr. James Wylie featuring the members of the A.V.M.A. and I.V.M.A. executive boards and our representatives to these boards. The photographic display was exhibited at the recent annual I.V.M.A. meeting in Des Moines. It is now located in the Diagnostic Laboratory display case.

Ruth Loomis, medical illustrator for the College of Veterinary Medicine, helped Mr. Hoeft with the project. The photographs for the display were obtained through correspondence with the members of the boards. Keith Weber, V.M. 4, enlarged the original photographs to a uniform size.

The purpose of this project was to familiarize the students in the College of Veterinary Medicine with the members of the executive boards in charge of our state and national associations.

Alpha Zeta

Wilson Chapter of Alpha Zeta, an honorary agriculture fraternity initiated four new members from the College of Veterinary Medicine into its society this past fall. One of the new initiates is a senior and the other three are juniors. The senior student selected was Jon Hunziker and the three junior students were George Dennis, Dennis Dinkla and Eldon Clark.

It should also be noted that Bruce Ronningen and Byron Boysen, both seniors, and John Andrews, a junior, were initiated into this society last spring.

Members for Alpha Zeta were selected from undergraduate and graduate agriculture students on the basis of character, leadership, and scholarship. A student must have completed at least one and one-half academic years of his college course and must rank in the upper two-fifths of his class academically.

We in the Veterinary College extend our congratulations to these men chosen for Alpha Zeta.
