Spring Dance

The annual Spring Dance for the College of Veterinary Medicine was held in the Sun Room of the Memorial Union on April 29, 1967. Approximately 200 couples attended and danced to the music of Bob Johns. The theme was Dutch Gardens and the ballroom and tables were appropriately decorated. David Larson and Lloyd Sorenson were chairman of the dance.
Freshman Class

The 1968 freshman class of the College of Veterinary Medicine at Iowa State University is composed of seventy-five members.

The average age of the class of 1972 is twenty, and the range of ages is from nineteen to twenty-eight.

Eighteen members of the class are married; fifty-seven are single; and one is a service veteran.

Again this year the class is graced with three women students, Gale Dressler, Virginia Kern, and Susan Moseman.

We wish all of the students well in their labors of the next few years. The curriculum will provide a challenge well worth the effort required.

ARE YOU A GAMBLER?

If not, this will be important to you. Things go wrong . . . . things no one can predict . . . . and suddenly a man finds himself uninsurable. It happens. Why take a pointless gamble. Now you can be guaranteed the right to buy additional life insurance from age 25 up to age 40—without an additional medical examination.

Simply stated, this means you can buy basic coverage now . . . . more when you can afford more . . . . sidestepping the risk of becoming uninsurable.
