Spiritual Sky

Through the smudgy window pane,
Past the weathered white church steeple,
I see a distant Kyoto:

a shadowy monastery
perched on billowy gray clouds,
a peaceful plateau
where the sun sets on one eye
as night descends on the other,
where robed monks wander across
ashen hillocks of tranquility,
pausing on cloudy rocks
to watch the swallows
swerve and scoop up
pebbles of infinity
for olive proof
of obscure truth.
