defined life first
french kissed at age thirteen
(was thought disgusting
then)

rides a purple bicycle
(a peugeot, made special
in france)

drinks wine,
not the finest,
nor the cheapest
(but made from grapes
grown in a fine
provençal valley)

prefers japanese
paintings whose
flatness with sparse
blue skies and
hard edges in-
spired impressionists
(who ground their
own light yellows)

would travel to
london and collect
images of dirty black
slums, coal-like,
on peppered moth's wings
(in true fantasy, it is
paris, with gold fountains
raining, where the yellow
life moulds)
