Kathy VanNote married Sp/4 Robert J.

Class of '76

Steve Lewis married Jean Stephenson May
Dick Porter married Gwen Jones August
Kathy Schmitz married Gary Fritz August
Sandra Visser married Milo Eckles June

N.C.S.C. Meets
at Minnesota

The third annual National Council of
Student Chapters (NCSC) of the American
Veterinary Medical Association was
brought to order by NCSC president Ed
Davidson at the University of Minnesota,
April 7th. Students from every veterinary
college in the United States and Canada
were represented at the symposium. Twenty-
eight students from ISU attended.
The program started with a tour of the
University of Minnesota's Veterinary Col-
lege and Clinic. Topics discussed in the
daily seminars included shock therapy,
obstetrics, canine glaucoma, zoo and wild-
life medicine, the feedlot consultant type
practice, pets in relation to human psy-
chology, and handling the welfare client.
Iowa State’s delegates, Randy Snell and
Mark Anderson, attended the business
portion of the symposium. A panel discus-
sion on the various types of curriculums
was also held.
The Iowa State students found the peo-
ple from the University of Minnesota most
hospitable. Registration and a social hour
at the Alpha Psi fraternity gave everyone
a chance to meet each other and get their
room assignments. The students from the
University of Minnesota provided a place
to stay for the more than 300 students
who attended the symposium. The confer-
ence closed with a banquet and the an-
nouncement that next year's conference
will be held at Ohio State University.
Congratulations

Congratulations to Dr. Daniel J. Hillman, Veterinary Anatomy. Dr. Hillman received the Norden Distinguished Teacher Award and was cited by the Government of the Student Body as “Professor of the Year.”

Advanced Degrees

Congratulations to the following who received:
Master of Science
Howard Thomas Hill, B.S., D.V.M.
Major: Veterinary Microbiology
Thesis: The pathogenicity of the canine herpesvirus
Stephen Ike Oboegbulem, B.Sc., D.V.M.
Major: Veterinary Microbiology
Thesis: Response of Swine to Mycoplasmahypneumonias vaccination.
Zadok Ruben, B.S., D.V.M.
Major: Veterinary Pathology
Thesis: Morphological studies of adrenal cortex and striated muscle in 9-fluoroprednisolone acetate treated golden hamsters (cricetus auratus)

Doctor of Philosophy
David Lee Graham, B.Sc., D.V.M.
Major: Veterinary Pathology
Thesis: Studies on inclusion body disease (herpesvirus infection) of falcons
Gary Douglas Osweiler, D.V.M., M.S.
Major: Veterinary Pathology (Veterinary Toxicology)
Thesis: The influence of an orally administered antibiotic combination on the toxicity of warfarin to swine
Vitols Enrikas Vengris, D.V.M., M.S.
Major: Veterinary Microbiology
Thesis: Effect of lead on interferon production and antiviral effect of interferon on Marek’s disease in chickens

Dr. Kealy Joins Staff

Dr. J. Kevin Kealy joined the clinic staff March 1, 1973 filling the position left vacant by the retirement of Dr. Emerson. His official title is Associate Professor of Veterinary Clinical Science in charge of Radiology.

Dr. Kealy became a Member of the Royal College of Veterinary Surgeons in 1950 on graduating from the Veterinary College, Dublin, Ireland. At the same time, he also received the degree of Bachelor of Veterinary Medicine from the National University of Ireland. He then worked in a general practice in Ireland for five years before returning to the Dublin Veterinary College in 1955 to teach surgery. In 1957 Dr. Kealy went to the University of Pennsylvania for a year of specialized training in radiology, after which, he returned to Dublin where he was instrumental in establishing the large and small animal radiology unit there.

In 1967 when the Royal College of Veterinary Surgeons, London, decided to recognize radiology as a specialty he was awarded a foundation diploma in Veterinary Radiology and was made an examiner for that diploma. Also in 1967 the National University of Ireland awarded Dr. Kealy the degree of Master of Veterinary Medicine. In 1972 Iowa State University Veterinary College invited Dr. Kealy to join the staff here as Dr. Emerson’s replacement.

Other positions Dr. Kealy has held include Chairman of the British Veterinary Radiological Association in 1968 and President of the Irish Veterinary Association. He has been Honorary Secretary of the International Veterinary Radiology Association since its foundation in 1968.

Dr. Kealy, his wife Joan and their six children are currently residing in Ames. Welcome to the staff and good luck, Dr. Kealy.

Iowa State University Veterinarian
Dr. Kohlmeier Leaves Staff

Dr. Ronald H. Kohlmeier left the Physiology staff in July to take a position at the U.S. Meat Animal Research Center, Clay Center, Nebraska.

Dr. Kohlmeier received his B.S. from the University of Nebraska in 1959. He was awarded his Ph.D. in ruminant nutrition from Iowa State in 1966 while attending veterinary school. He joined the Physiology department after graduation from veterinary school in 1968. In the past five years he has taught graduate and undergraduate courses in Mammalian Physiology. He also conducted an ambitious research program dealing with nutrition and disease interrelationships in large animals. A recent project, for instance, was studying the interrelationships of vitamins A and E in finishing beef cattle.

At the Research Center Dr. Kohlmeier will continue doing research related to nutrition and disease in cattle, sheep and swine.

When asked if he had any regrets about leaving Iowa State, Dr. Kohlmeier said it was about the hardest decision he has ever had to make. What he will miss most, he said, is the interaction with the students. He also regrets leaving teaching before attaining his goal of making Physiology more relevant to the practice of veterinary medicine. However, his new position will allow him to devote full time to research in his major area of interest without being restricted by lack of space and shortness of funds.

We are sorry to see Dr. Kohlmeier leave but wish him the best of luck in his new endeavors.

Dr. Sexton Resigns

Dr. Joseph W. Sexton, Associate Professor of Veterinary Clinical Sciences resigned as of July 1, 1973. Dr. Sexton received his D.V.M. in 1942 from Iowa State University and then practiced in Northeast Iowa. In 1970, he returned to I.S.U. to teach in Veterinary Clinical Sciences and received his master's degree in 1971. Also in 1971, Dr. Sexton received both the Norden Distinguished Teacher Award and the Professor of the Year Award. He also served as Junior class advisor for 1973. Dr. Sexton's interests are in dairy cattle and sheep diseases. Besides his academic accomplishments, Dr. Sexton has been the I.V.M.A. state golfing champion several times and in 1972, at the age of 53, he won both the I.V.M.A. and A.V.M.A. golf championships. He is also a member of the Board of Directors of the American Association of Bovine Practitioners. Since Dr. Sexton's resignation, he is practicing part-time in Sumner, Iowa, and takes care of his farm where he raises sheep and keeps a cow-calf herd the rest of the time.

Awards Presented

The following is a list of awards and the persons to whom they were presented at the May 2, 1973 meeting of the ISU AVMA Student Chapter. Congratulations to each and every winner.

I.S.U. Veterinarian Past Editor's Award ................. William M. Adams III
Larry C. Booth
Merck Veterinary Manual Award ....................... Larry C. Booth
Philip L. Hanna
Keomah Kennel Club Scholarship ........................ Roger L. Wonderlich
Riser Small Animal Award ............................. William D. Liska

Issue No. 3, 1973 115
Paul F. Starch Phi Zeta Award ......................... Allan A. Erickson
Chas. Pfizer & Company Award ........................ Larry C. Mitchell
Iza Merchant Award ................................. Denise Liska
A.V.M.A. Women’s Auxiliary Award .................... Russ R. Weston
Walnut Grove Products Company Award ................. Wayne A. Haidsiak
Burton C. Thomson Award ............................ Barbara S. Kuhns
Ival Arthur Merchant Award .......................... Carol B. Grindem
Henry Dale Bergman Award ........................... Philip L. Hanna
George Judisch Scholarship Prize ....................... Marilyn Lowe
Charles Steele Memorial Award ........................ Peter Vanderloo III
Oris P. Idsvogg Memorial Award ....................... Larry C. Booth
Lane-Wells Scholarship Award ........................ Eric C. Gonder
George W. Catt Memorial Scholarships ................. Lawrence M. Reilly, Mary E. Shelton, Gerald B. Teachout
G. G. Graham Prizes .................................. Gary L. Kleppe, Ralph R. Snodgrass, Jr.
Ak-Sar Ben Award ................................... James L. Baum
Allen Products Company Scholarships .................. Carol J. Kurtyka, Bruce H. Janke
Upjohn Award—Large Animal Medicine ................. Arlen L. Wonderlich
Upjohn Award—Small Animal Medicine .................. Jonathan N. Chambers
Hawkeye Kennel Club Award .......................... Bradley L. Moses
