Alumni News
made to work better. As has been men­tioned before, the large number of in­terviews was a hinderance to the com­mittee. Selecting the applicants for in­terviews and making better use of the interview time would improve the process greatly. Fresh ideas on any committee are always needed, thus the suggestion of a five year rotation. There is also a definite need to let the public know more about the mechanics of the committee to avoid rumors and poor advice from prevet ad­visors.

ALUMNI NEWS

Class of 1946

Dr. R. C. Bowie is owner of Bowie Mfg. Inc., a well known manufacturer of Mobile Clinic units. His family consists of his wife, Maxine, and his two sons, Lee, a professor at Temple University in Philadelphia, and Lowell, a chemical engineer. Dr. Bowie has served 23 years as county school board member and director of Area V Junior College. He is also active in Kiwanis Club, the church, Chamber of Commerce, A.V.M.A. and Boy Scouts.

After graduation, Dr. R. E. Cooney served three years as Captain in the U. S. Army Veterinary Corp. From 1949 to 1951 he practiced in Dyersville, Iowa. From 1951 to the present time, he has engaged in a mixed practice in Manchester, Iowa. His family consists of his wife, Kathryn, and their children, Steve, 26, Tom, 24, Jim, 22, Laura, 20, Anjanet, 12, Cathy, 10, and Dan, 7. Dr. Cooney belongs to the E.I.V.A. and the I.S.U. Alumni Association.

Upon graduation, Dr. Arthur M. Collins worked six months in a small animal practice in Oak Park, Illinois. The following six months he spent with U.S.D.A. in poultry inspection. For the next 24 years he was engaged in small animal practice in Cicero, Illinois, which he sold in 1971, and opened a small out-patient clinic in LaGrange Park for two years. Currently he is with the Illinois Department of Agriculture, Animal Welfare Section. He and his wife, Dorothy, have four children.

At the present time, Dr. Harvey Price is engaged in a small animal practice in Ada, Oklahoma. He is also owner and operator of Biscuit Hill Farm, a registered Hereford cattle farm, and does state meat inspection for two local packing plants. He is a member of Oklahoma Veterinary Assn. and A.V.M.A. He has served as Chairman of the Metropolitan Planning and Zoning Commission and of the Pontotoc County Soil Conservation District. He is a former member of the Oklahoma State Board of Veterinary Medical Examiners.

Dr. C. H. Schlauderaff sold his interest in a group practice in 1975. He is currently employed by the Meat Inspection Division of the Wisconsin Department of Agriculture. He and his wife, Betha, have four children; Paul, a Lutheran minister; Betha Nan; Mark; and Kristen.

Dr. A. J. Eckstein is presently engaged in a mixed practice in New Ulm, Minnesota, with his associate Dr. Lois Braun (U of M '74). His family consists of his wife, Harriet, and six children, two of which are I.S.U. graduates. Dr. Eckstein has served as Mayor and President of the City Council. He is currently State Representative and a member of the local Rotary Club.

After graduation, Dr. John B. Herrick joined a private practice for one year. Between 1947 and 1952, he held the following positions consecutively: chief veterinarian for Farmer's Hybrid Hog Co.
in Hampton, Iowa; Assistant Professor in charge of the A.I. program at I.S.U.; Associate Professor of Veterinary Obstetrics and Extension Veterinarian at I.S.U. From 1952 until the present time, Dr. Herrick has been Professor of Veterinary Obstetrics and Extension Veterinarian. He has held the positions of president of the I.V.M.A. and sponsor-coordinator of Continuing Education for Veterinarians. He has participated in the latter in every state in the union. He started A.A.B.P., A.A.O.P., and A.A.S.P. He was president of A.V.M.A. in 1969. His international positions have been many, including vice-president of Pan American Congress. He has been staff editor of "Veterinary Medicine" since 1960. The awards he has received are the following: Superior Service Award, USDA; Wisconsin "Man of the Year Award;" I.S.U. Alumni Achievement Award, Extension Veterinarian of the Year Award; Borden Award, A.V.M.A.; and Meritorious Service Award, Livestock Conservation, Inc. He has had many more accomplishments too numerous to list. He and his wife, Mary Joan, have four children remaining at home.

Dr. John D. McEnaney is in private practice in Mountain View, California. His family consists of his wife, Margaret, and their three children, Kathleen, 13, Carol, 12, and Brian, 10. He is a member of A.V.M.A., C.V.M.A., A.A.H.A., and two local associations. He is also a member of the Chamber of Commerce and is on the board of directors, having served as chairman, of the Youth Employment Program. He is a Rotarian and is active in Little League.

Dr. Robert D. Dunham is engaged in a primarily large animal practice, about half each in Iowa and Missouri. He has been in Eastboro, Missouri for 28 years since his Army service with the Second Army Area Medical laboratory. His associate, Dr. C. E. Nims (ISU 75) joined him in July of 1975. He and his wife, Margaret, have two children, Nancy and Tom. Dr. Dunham is a member of the A.V.M.A., I.V.M.A., S.W.I.V.M.A. and N.W.M.V.M.A. He has been a director of the First National Bank of Tarkio, Mo. for 18 years and a trustee of the Community Hospital in Fairfax, Mo. for five years.

For the first year after graduation, Dr. Samuel W. Thompson was engaged in a large animal practice in Cary, Illinois. From 1946 until 1967 when he retired, Dr. Thompson was in the Regular Army Veterinary Corp. From 1967 until the present time, he has been Manager of Pathology at the CIBA-GEIGY Pharmaceutical Co. He was awarded his M.S. at I.S.U. in 1956. He has taught at I.S.U., C.S.U., F.S.U. in the Canal Zone, and Georgetown University. He has been a consultant for Harvard University, Hospital Military Central in Bogota, Columbia, Vanderbilt University, National Institute of Health, the Surgeon General, N.J. College of Medicine and Dentistry, and U. of Arkansas. He is associated with the following organizations: Phi Zeta; Gamma Sigma Delta; Charter Fellow American College of Veterinary Toxicologists; Diplomate of American College of Veterinary Pathologists; Fellow of the American Institute of Chemists; National Programs Director of the Charles Louis Davis D.V.M. Foundation for Advancement of Veterinary Pathology; and Co-founder of the Society of Pharmacological and Environmental Pathologists. His family consists of his wife, Barbara, an I.S.U. graduate, and their three children, Barbara, H. Maggie, and Samuel.

Dr. Norbert A. Dahlke is currently manager of the Wisconsin Feeder Pig Marketing Coop where he does some of the veterinary work. After graduation, Dr. Dahlke practiced at Waupoco, Wisconsin, for seventeen years. Then he became involved with the Coop. Dr. Dahlke and his wife, Louise, have three children; Charles, Cynthia, and Sandra. They have six grandchildren. He is a member of the VMANEW, WVMA, AVMA, and Wisconsin Department of Agriculture, Swine Health Council. He has served as president of WVMA and vice-president of White River Power Co. and of the National Feeder Pig Dealers Association.

Dr. John E. Kerr is no longer active in veterinary practice but is still active as a urologist in private practice in Seminole, Florida, where he and his wife have resided for the last two years. He belongs to professional associations concerned with his local hospitals and with state, regional
and national urology organizations. Dr. Kerr and his wife have one daughter.

**Other Classes**

The American Association of Industrial Veterinarians (AAIV) held its annual business meeting and banquet at the 113th annual meeting of the American Veterinary Medical Association on July 18, 1976, at Cincinnati, Ohio. Dr. E. Thomas Thurber, Class of 1968, currently with Norden Laboratories, Lincoln, Nebraska, was elected president. Dr. Stanley G. Mourn, Class of 1964, currently with Merck and Co., Inc., Rahway, NJ, was re-elected to the AAIV Executive Board.

Dr. Wayne H. Riser, Class of 1932, was presented an honorary membership certificate by the American Animal Hospital Association at its six-day annual meeting in Anaheim, California during May 1976. Dr. Riser currently resides in Villanova, Pennsylvania.

Dr. Glen C. Holm, a member of the class of 1936, received the XIIth International Veterinary Congress Prize at the American Veterinary Medical Association’s 115th annual meeting in Cincinnati, Ohio. This award was in recognition of Dr. Holm’s outstanding service to veterinary medical science and the veterinary profession.

A member of the graduation class of 1934, Dr. Roger Link received life membership honors from the Illinois State Veterinary Medical Association at their recent annual convention. Dr. Link is currently a professor of veterinary pharmacology at the University of Illinois.

Dr. O. W. Whitcomb of the class of 1949 has been appointed Director of Marketing at Fort Dodge Laboratories. He joined this lab in 1971 as Western Regional Sales Manager. Dr. Whitcomb earned his Masters degree in 1954 from ISU and was an assistant professor at ISU for six years.

**SAVMA House of Delegates**

The National Student AVMA (SAVMA) House of Delegates met this summer at the National AVMA convention in Cincinnati, Ohio, from Monday, July 19, through Wednesday, July 21, 1976. Iowa State University was represented by Randy Gibson, a junior, and Doug Rogers, a sophomore.

During the three day meeting, the National SAVMA passed a resolution recommending that the National Delegate from each school be a voting executive council member in their respective student AVMA chapter. The 1976-77 fiscal year budget was also discussed and approved.

One of the most significant events which occurred was the attainment of SAVMA voting privileges in the AVMA House of Delegates. This proposal met with both extreme disapproval and approval before it was finally passed by the AVMA House of Delegates. The proposal must now go through the standard committees for final approval and will eventually allow full SAVMA voting rights in the AVMA House.

On Tuesday, the SAVMA delegates broke into reference committees to discuss the SAVMA standing committees. The Native American Project, which gives veterinary students an opportunity to work on the Navajo Reservation during a summer or senior preceptorship, has been continued and expanded.

On Wednesday, the final day of delegate
