The ISU Veterinarian  
c/o Alan Brady  
College of Veterinary Medicine  
Iowa State University  
Ames, Iowa 50011  

Dear Alan:

It is with great pleasure that I congratulate the College of Veterinary Medicine for its 100 years of service to the State of Iowa. I know Iowans are pleased with the fine research and medical services provided by the excellent facilities of the College.

Iowa State's College of Veterinary Medicine is, indeed, recognized worldwide as one of the leading Veterinary schools in the world, if not the best. It is also the oldest such school in the United States. Its long tradition of keeping abreast of new developments in the field helped provide the drive to build the new facilities on campus which include the Veterinary Medical Diagnostic Laboratory.

Iowa State University has established itself as a leader in many fields, and the Veterinary College has added to this laudable reputation. Again, congratulations on the centennial of your College.

Sincerely,

Tom Harkin  
Member of Congress
