I send warmest congratulations to Dean Pearson and the faculty, students and alumni of Iowa State University on the one hundredth anniversary of your College of Veterinary Medicine.

The entire State of Iowa can take pride in the accomplishments of this distinguished institution, acknowledged worldwide as one of the finest research and teaching facilities in the veterinary sciences.

The transformation of the research department into the Veterinary Medicine Research Institute, the addition of extension veterinary services and the progressive attitude toward preventive veterinary medicine are but a few of the noteworthy accomplishments which this milestone celebrates.

The continued success of our Nation's meat industry depends in large part on the foresight and innovation provided by the veterinary sciences. I am confident that Iowa State University's College of Veterinary Medicine will be in the vanguard of the effort to help us meet the challenges of tomorrow. I wish you success in your second century.
