ISU On-Farm Cooperator Trials: Relationships and Partnerships

Abstract
Iowa State University (ISU) has a longstanding relationship with Iowa corn and soybean farmers. As a part of this relationship, ISU works to provide quality, unbiased information to assist the decision-making process on farm operations. In 2006, ISU began to expand this commitment with the assistance of northwest Iowa farmers by conducting more trials in their fields. The ISU on-farm cooperator trial program has grown to cover other areas across Iowa. The program links the resources of the ISU research farms, the technical expertise of the ISU field agronomists, the support of the local research farm associations, and volunteer farmer cooperators to create a system of on-farm trials for Iowa.

Iowa State University (ISU) has a long-standing relationship with Iowa corn and soybean farmers. As a part of this relationship, ISU works to provide quality, unbiased information to assist the decision-making process on farm operations. In 2006, ISU began to expand this commitment with the assistance of northwest Iowa farmers by conducting more trials in their fields. The ISU on-farm cooperator trial program has grown to cover other areas across Iowa. The program links the resources of the ISU research farms, the technical expertise of the ISU field agronomists, the support of the local research farm associations, and volunteer farmer-cooperators to create a system of on-farm trials for Iowa.

In 2014, 55 farmer-cooperators in 24 counties assisted in conducting 115 on-farm trials. In addition, ISU has long-term partnerships that support agricultural research locations (research farms) across Iowa. The following groups have endorsed and supported the ISU on-farm trial program.

Committee for Agricultural Development, Ames, IA
North Central Iowa Research Association, Kanawha, IA
Northeast Iowa Agricultural Experimental Association, Nashua, IA
Northwest Iowa Experimental Association, Sutherland, IA
Southeast Iowa Agricultural Research Association, Crawfordsville, IA
Wallace Foundation for Rural Research and Development, Lewis, IA
Western Iowa Experimental Farm Association, Castana, IA
## Sponsors for 2014 On-Farm Cooperator Trials

The ISU On-Farm Cooperator Trials program was made possible in part by support and donations of products or funding from these sponsors/donors. We recognize the following entities for their support of the ISU On-Farm Cooperator Trials program.
