1999 ICM Conference dates set

Abstract

If you are interested in crop production and protection, please plan to attend the 10th annual Integrated Crop Management Conference (ICM) to be held on December 1 and 2 at the Iowa State Center in Ames. Registration is in C.Y. Stephens Auditorium. The 2-day conference is hosted by the ISU Departments of Agronomy, Entomology, Plant Pathology, and Agricultural and Biosystems Engineering. Last year the conference attracted more than 700 participants and researchers from throughout the United States. The ICM Conference is designed to highlight emerging and current issues in production agriculture. Farm managers; agronomists; soil conservationists; crop management consultants and dealers; and other representatives of seed, chemical, and fertilizer companies can benefit from attendance.

If you are interested in crop production and protection, please plan to attend the 10th annual Integrated Crop Management Conference (ICM) to be held on December 1 and 2 at the Iowa State Center in Ames. Registration is in C.Y. Stephens Auditorium.

The 2-day conference is hosted by the ISU Departments of Agronomy, Entomology, Plant Pathology, and Agricultural and Biosystems Engineering. Last year the conference attracted more than 700 participants and researchers from throughout the United States. The ICM Conference is designed to highlight emerging and current issues in production agriculture. Farm managers; agronomists; soil conservationists; crop management consultants and dealers; and other representatives of seed, chemical, and fertilizer companies can benefit from attendance.

Selected workshops will qualify for certified crop advisor continuing education units. In addition, certified commercial pesticide applicators in categories 1A, 1B, 1C, and 10 can fulfill their 1999 continuing instructional course needs.

A brochure will be mailed at a later date. If you are not currently on the Agribusiness Education Program (AEP) mailing list and would like to be included, please check our Web site at <http://extension.agron.iastate.edu/aged/> and click on the "mail list" to register your address. You also may contact Jerolyne Packer at xlfeel@exnet.iastate.edu or by phone at 515-294-6429. The mailing address for AEP is 2104 Agronomy Hall, Iowa State University, Ames, IA 50011.
